• Sugar, Vegetable, Confectionary, Sweet & Savoury, Fruit & Soft drink sales/consumption	27-32
• Impact	
• Diabetes.....	33
• High Cholesterol.....	34
• Raised Blood pressure.....	35-36
• Obesity related cancers.....	37-46
• Policies & Interventions (online).....	47
• View prevalence data (online)	48
• Sources.....	49

Denmark

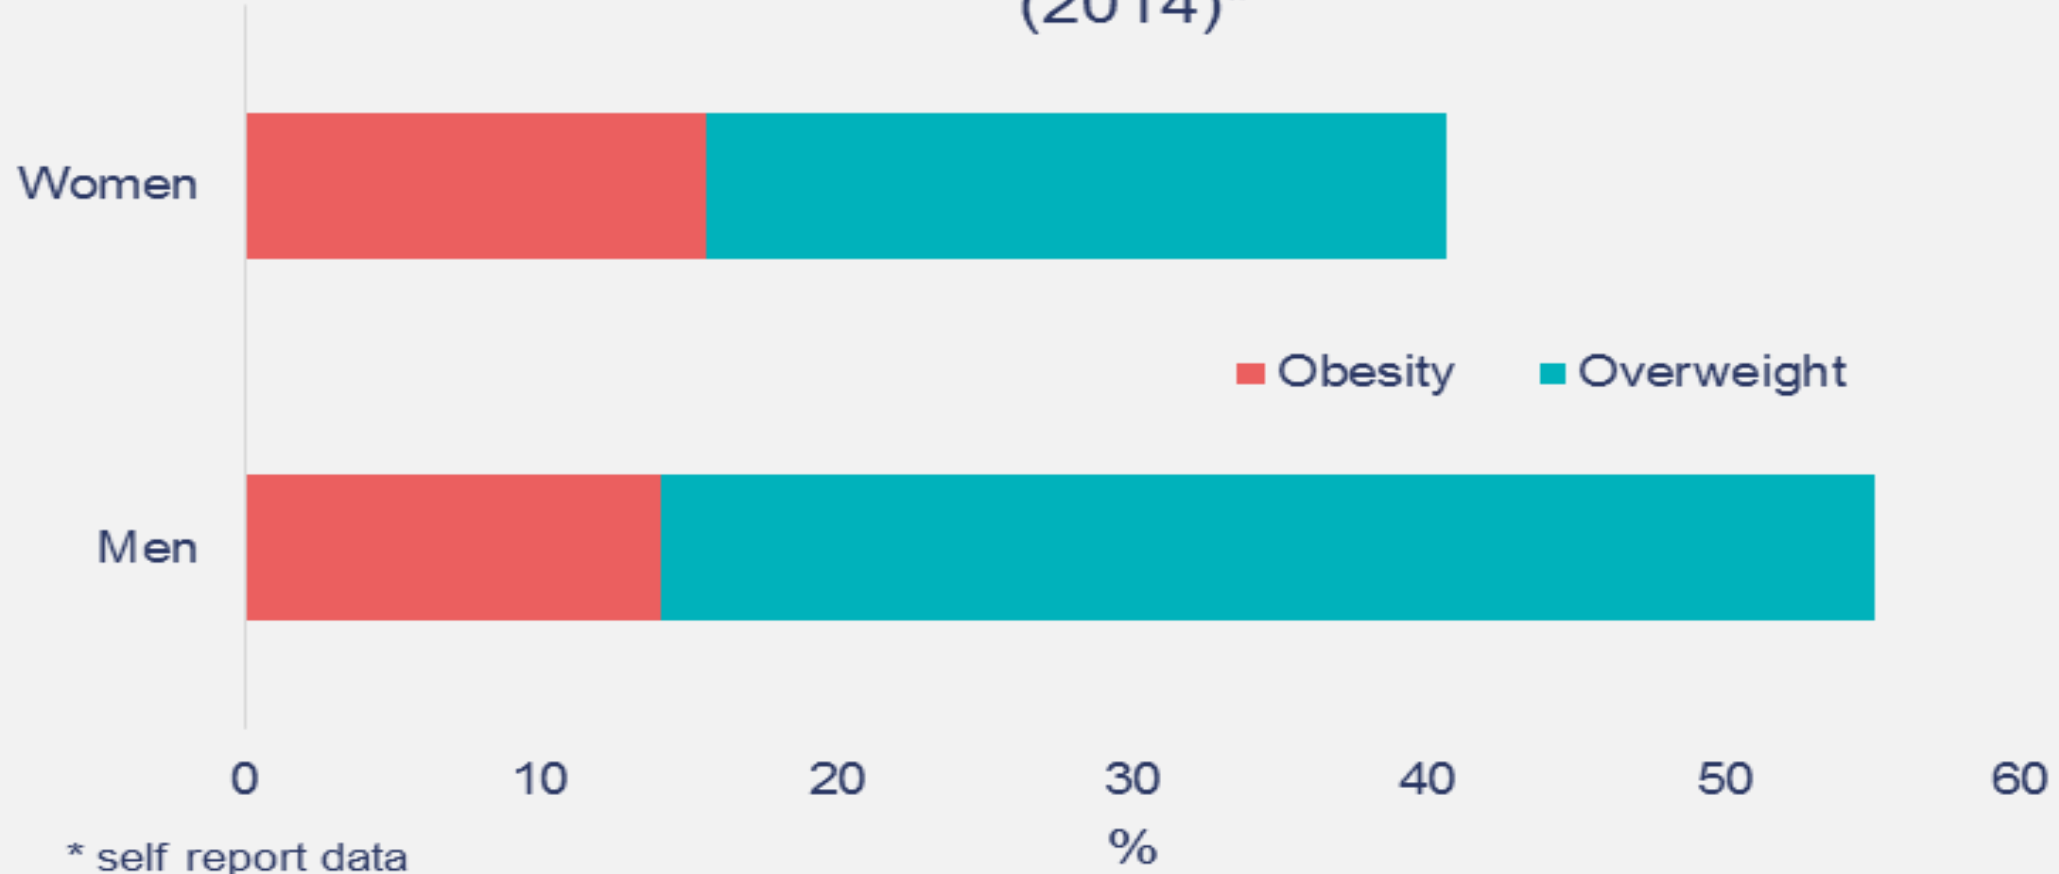

POPULATION:
5,439,657 (2015)

GINI INDEX:
28.2
(2015)

Denmark

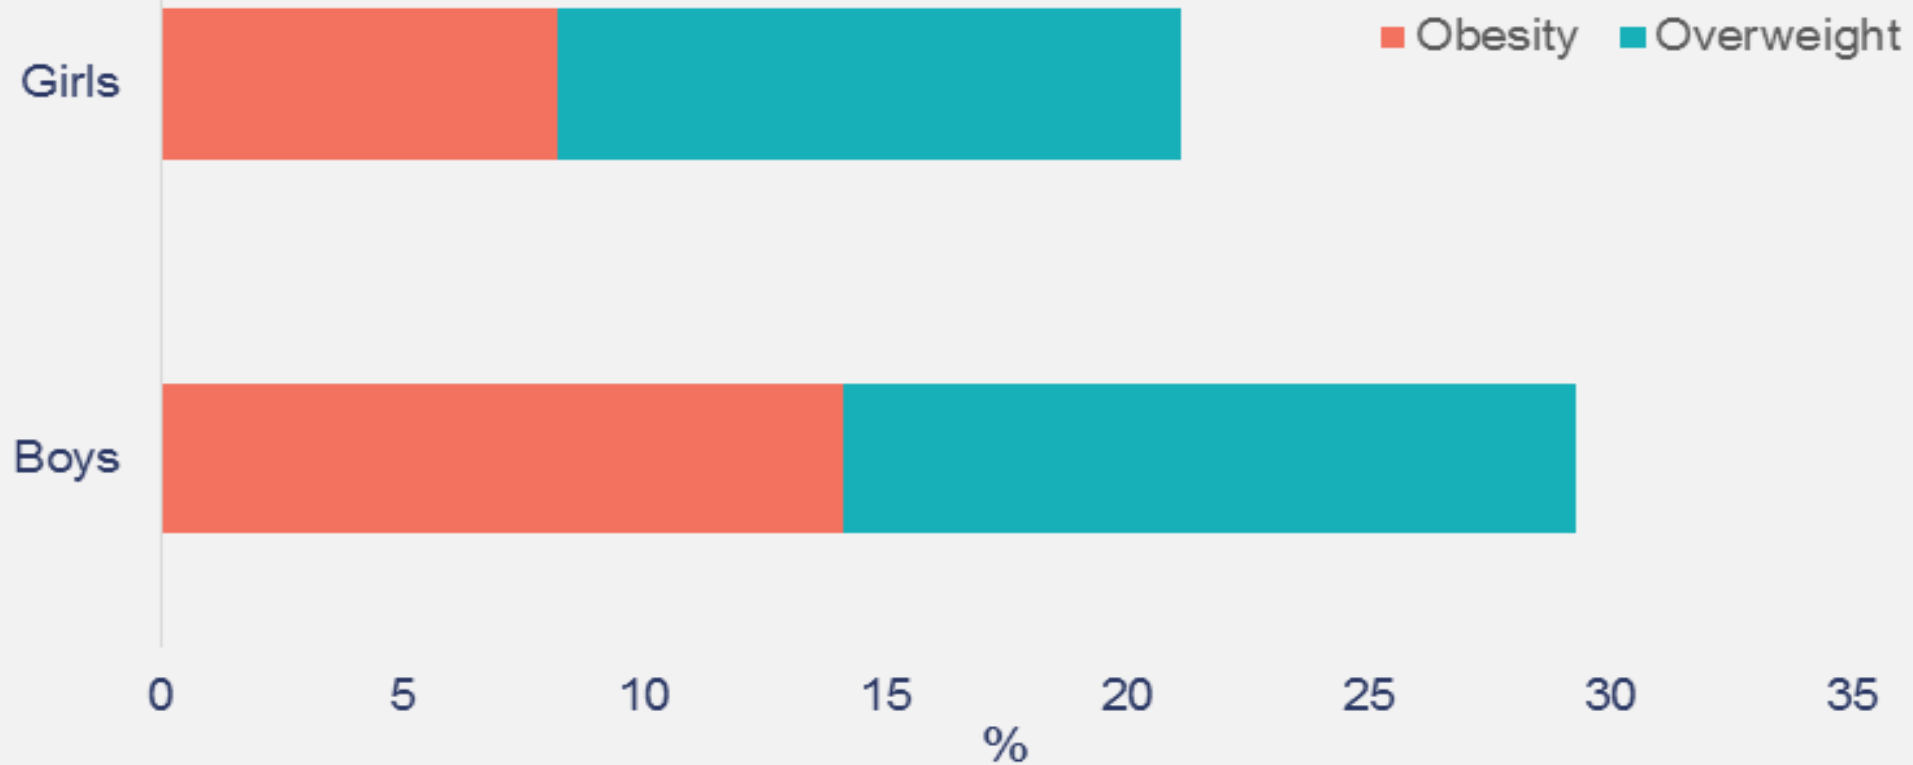

% Overweight & Obesity in Adults in Denmark (2014)*

Denmark

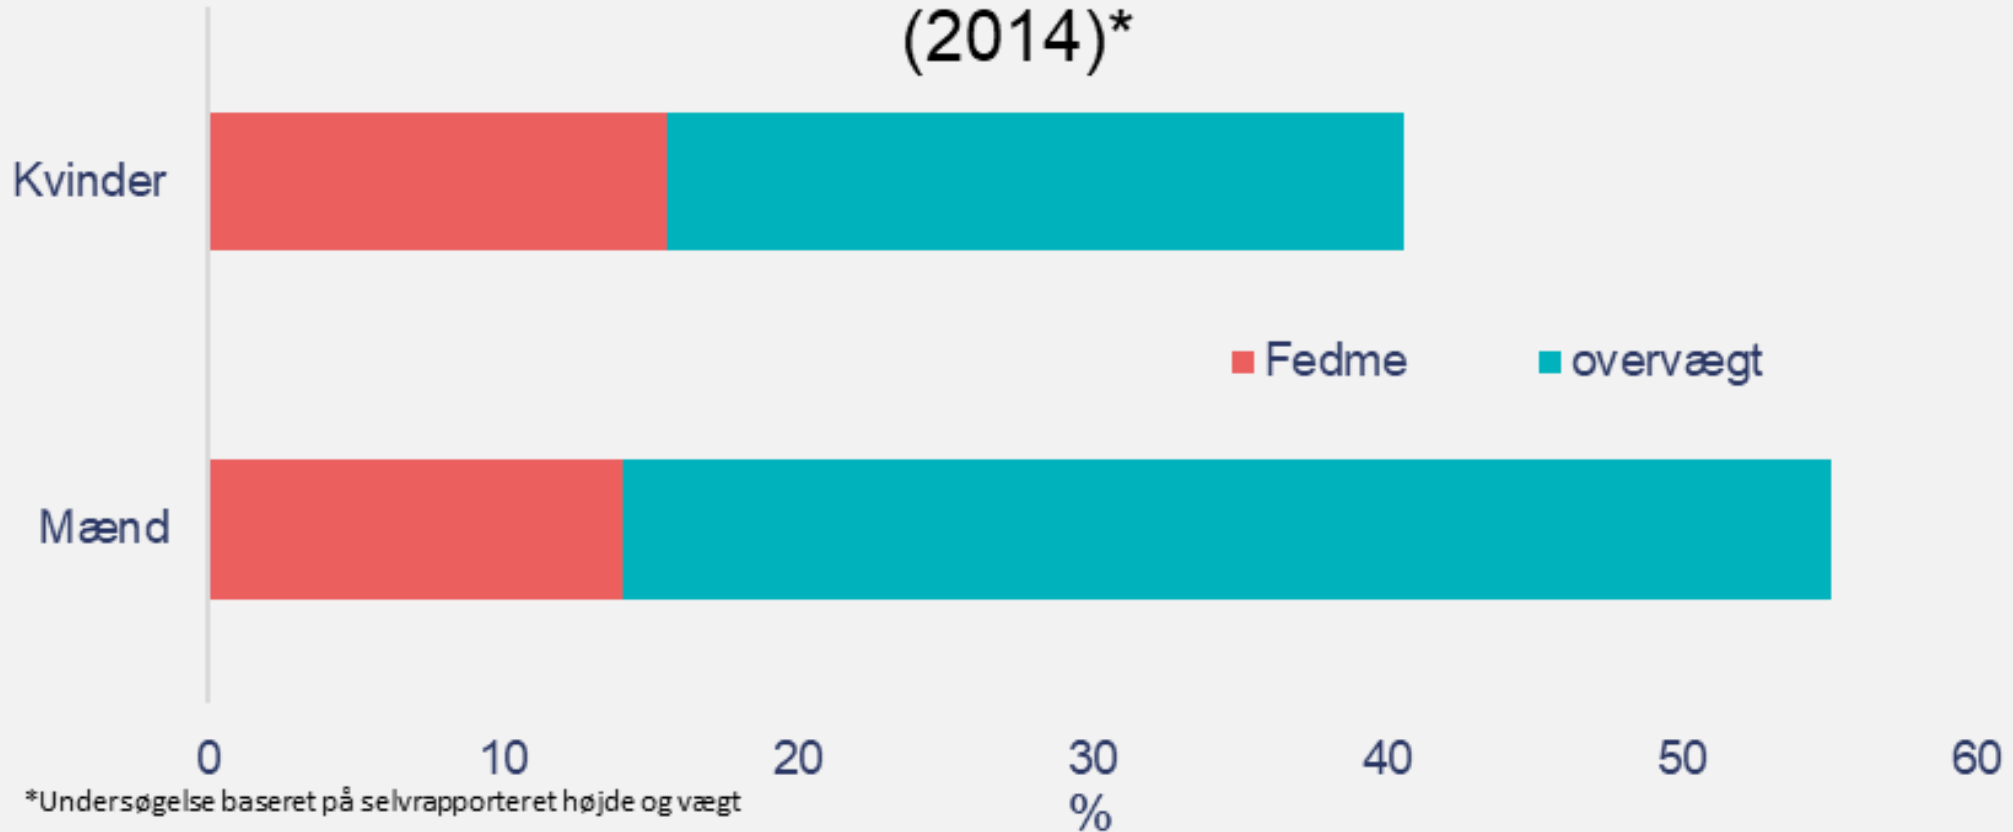

% Overweight & Obesity in children in Denmark (2007-9)

Denmark

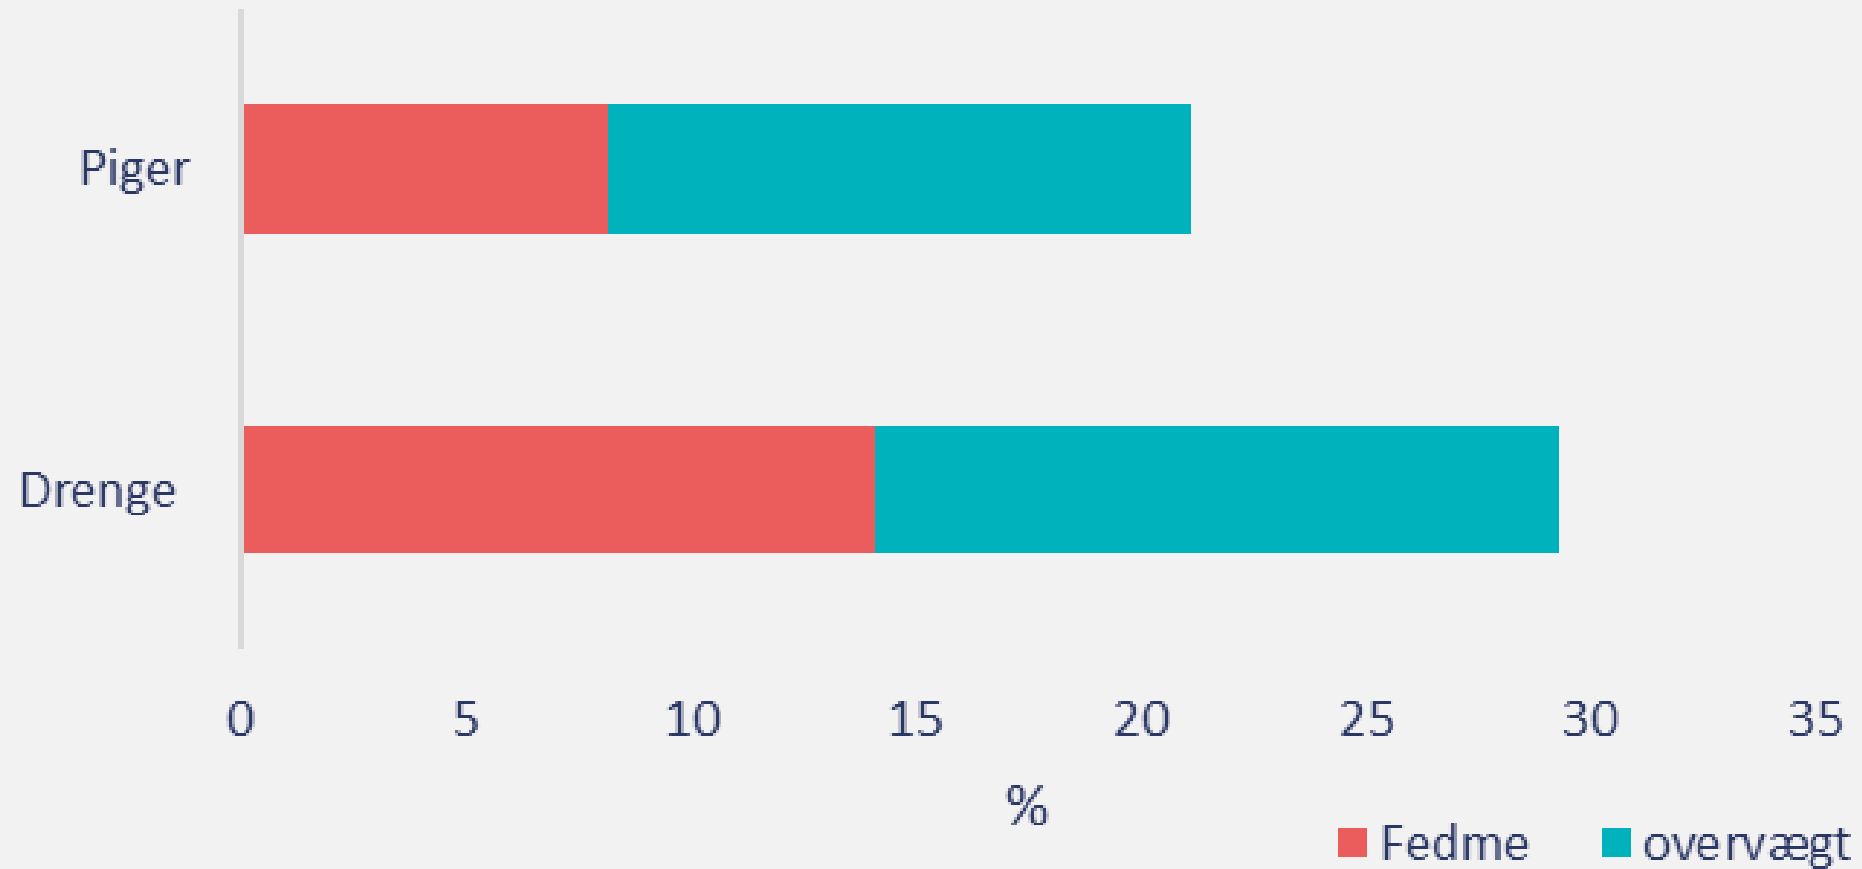

% overvægt/fedme blandt voksne i Danmark (2014)*

Denmark

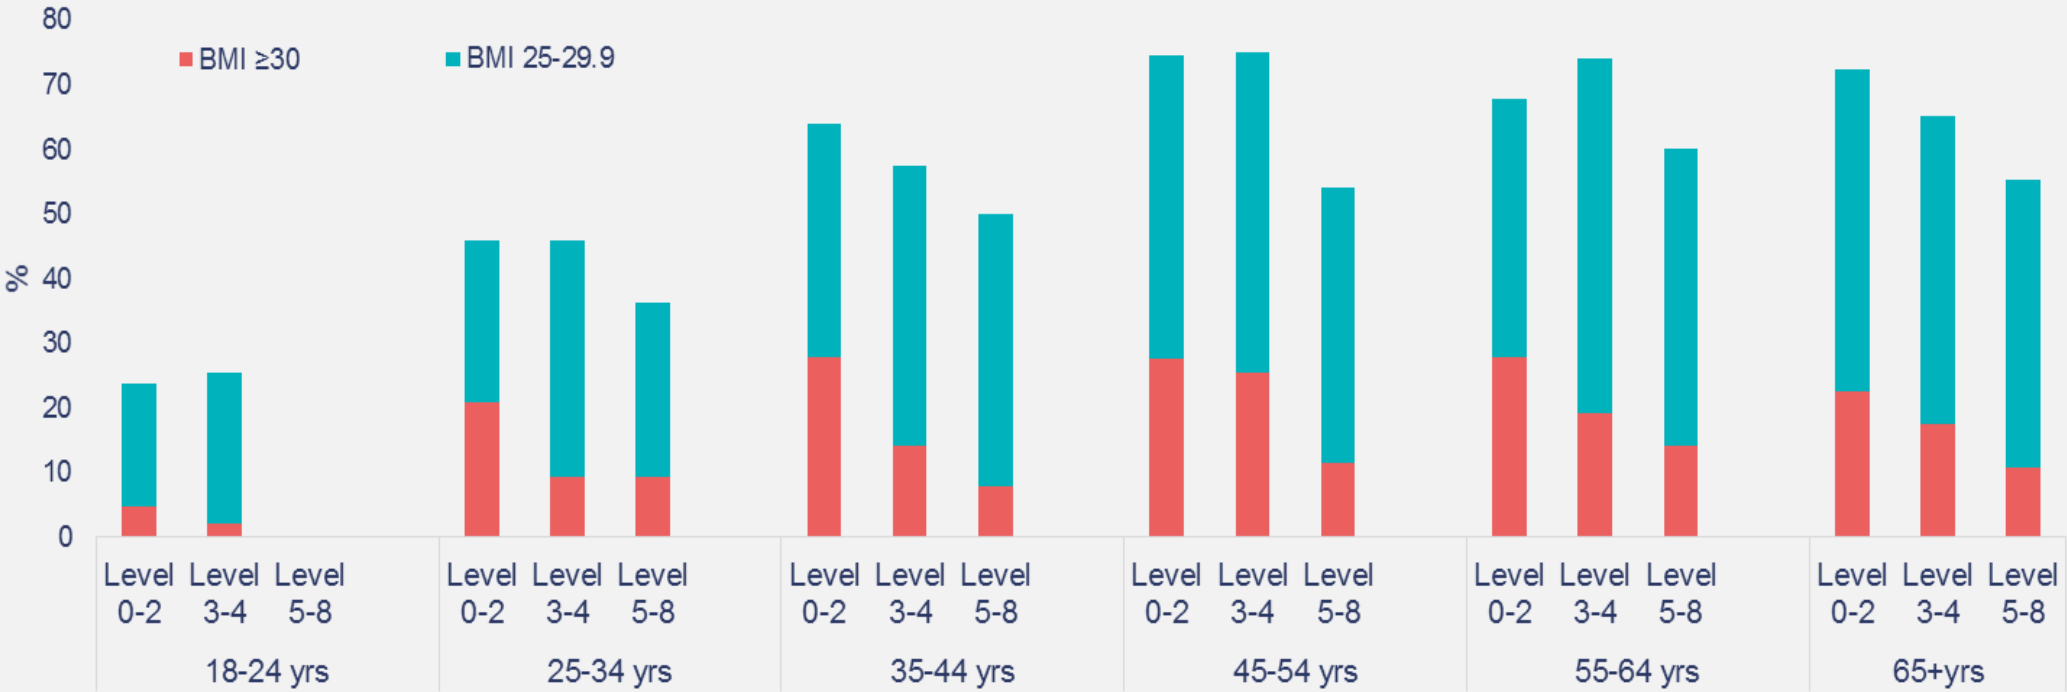

% overvægt/fedme blandt børn i Danmark (2007-9)

Denmark

% Overweight and Obesity by age & educational attainment in males in the Denmark 2014

Less than primary, primary and lower secondary education (levels 0-2)
Upper secondary and post-secondary non-tertiary education (levels 3 and 4)
Tertiary education (levels 5-8)

Denmark

% Overweight and Obesity by age & educational attainment in females in the Denmark 2014

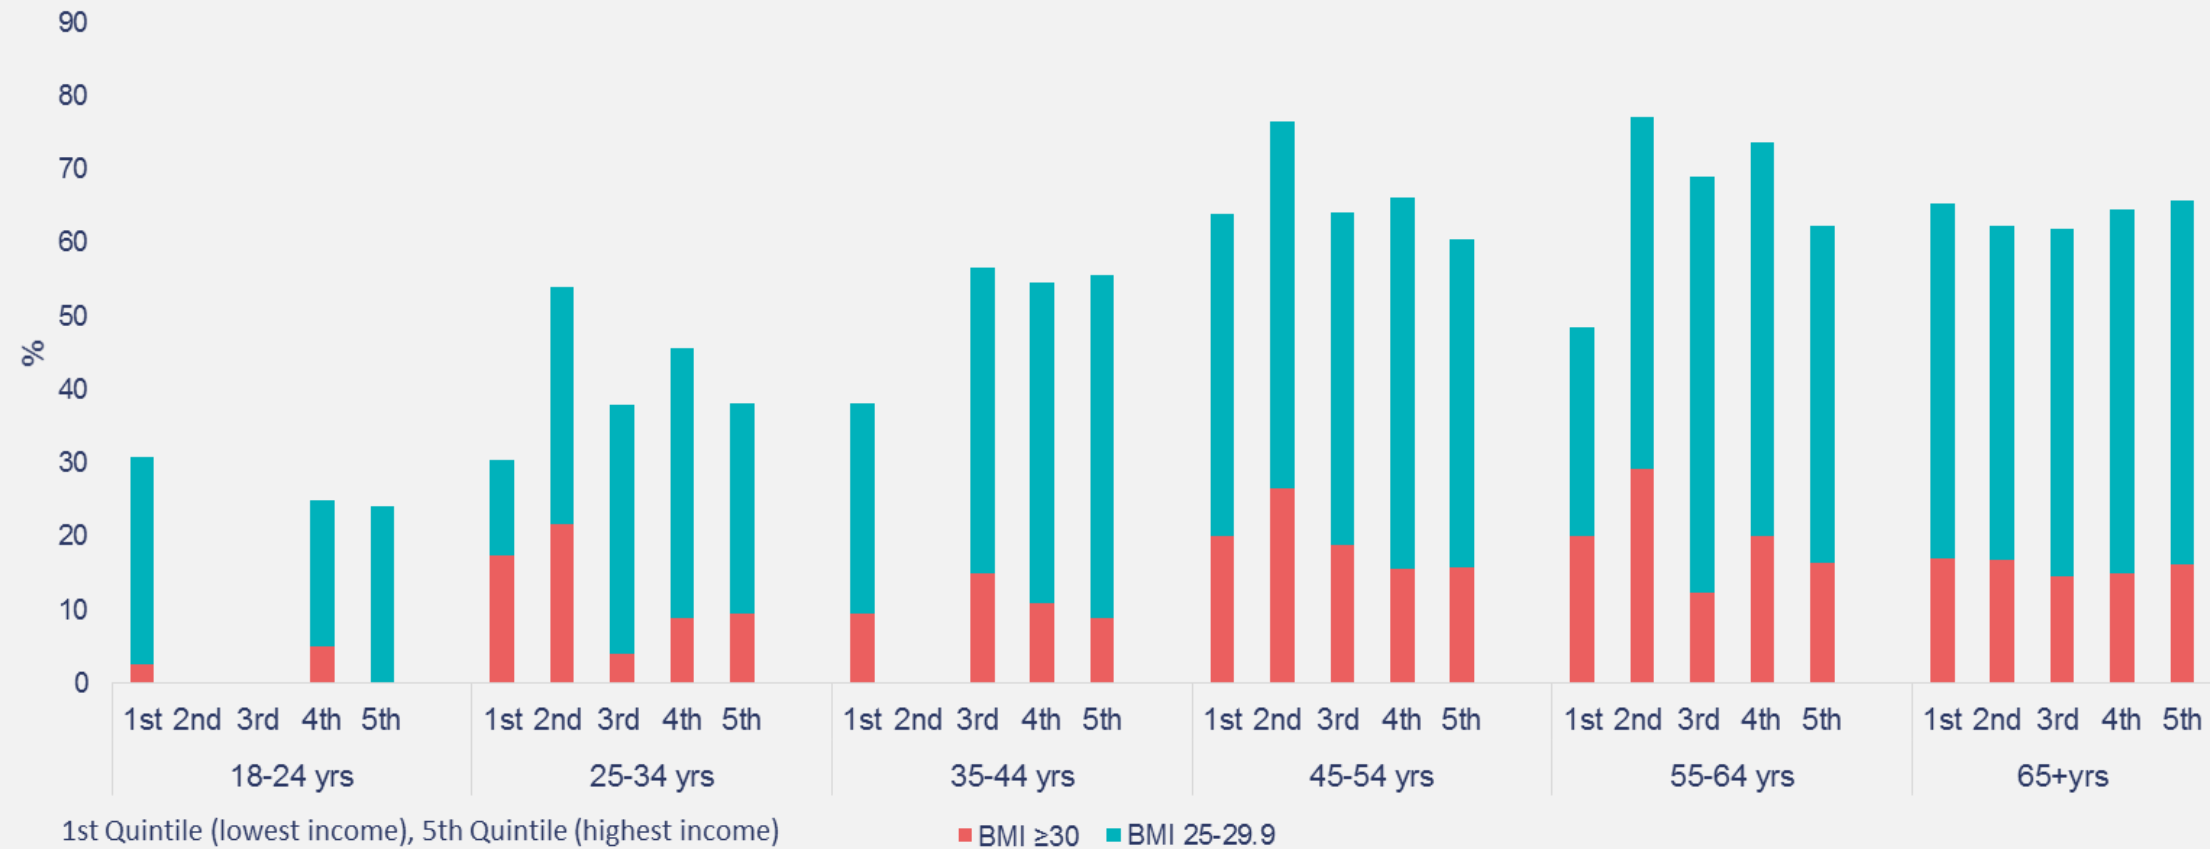

Less than primary, primary and lower secondary education (levels 0-2)
Upper secondary and post-secondary non-tertiary education (levels 3 and 4)
Tertiary education (levels 5-8)

Denmark

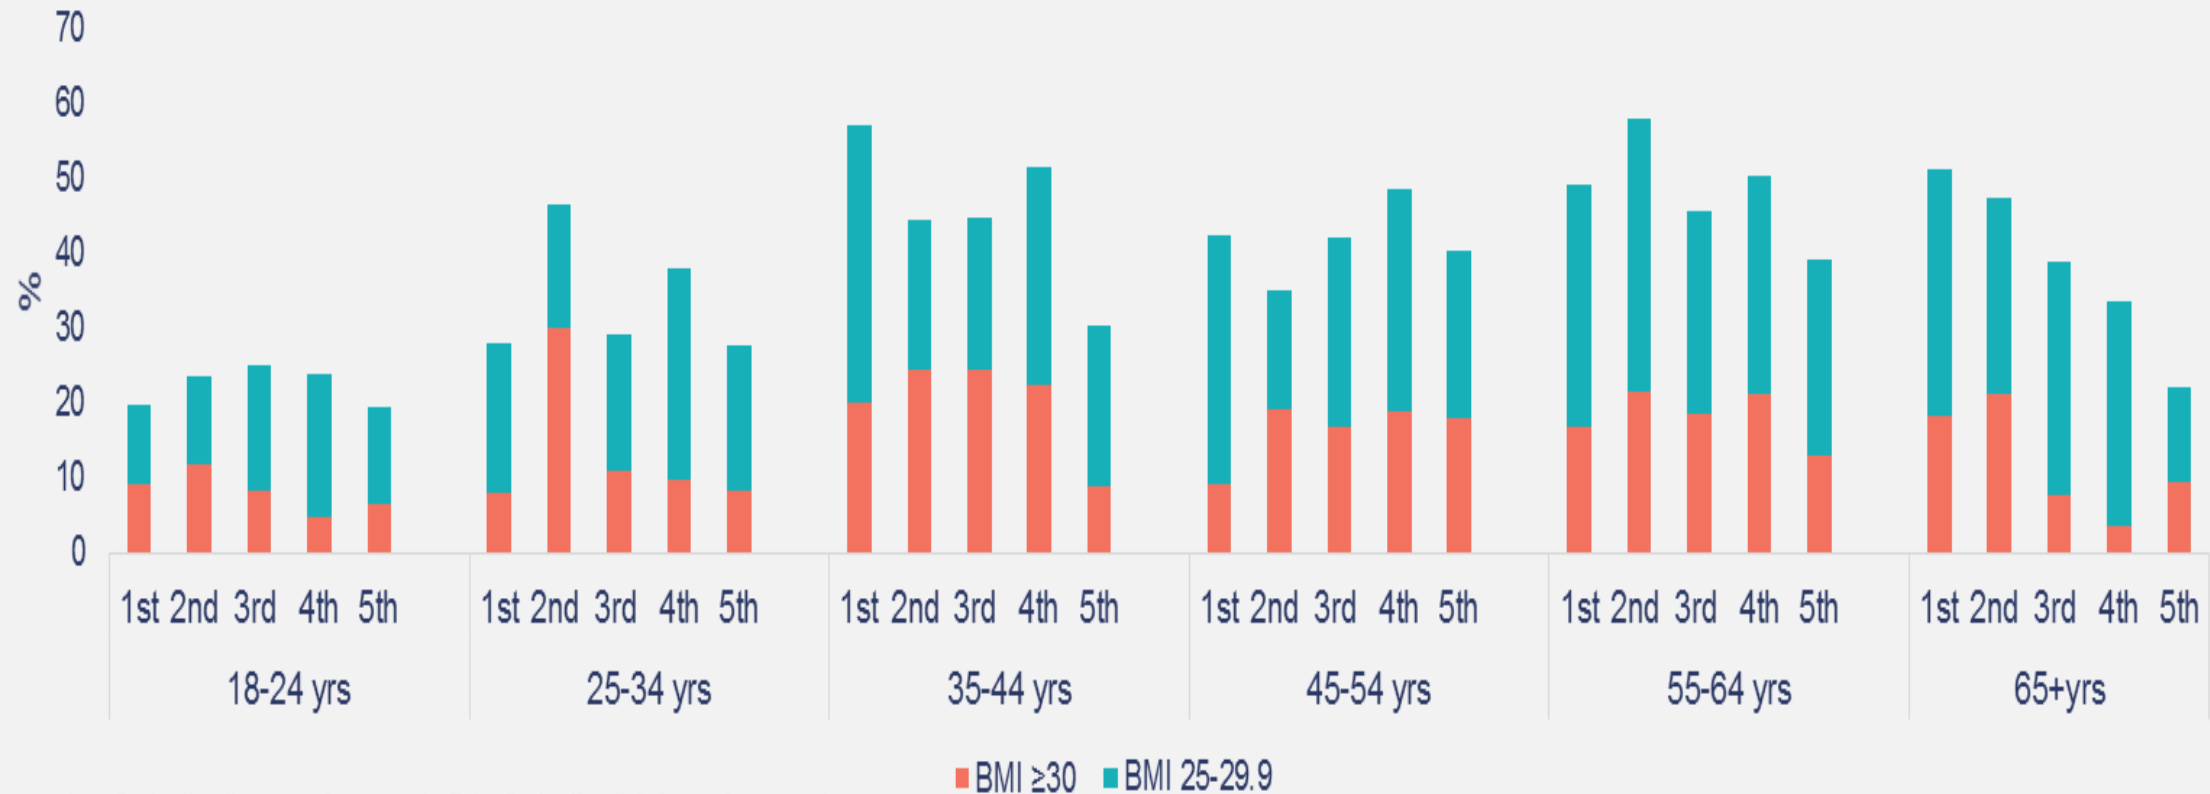

% Overweight & Obesity by age & income quintile in males living in Denmark 2014

Denmark

% Overweight & Obesity by age and income quintile in females living in Denmark 2014

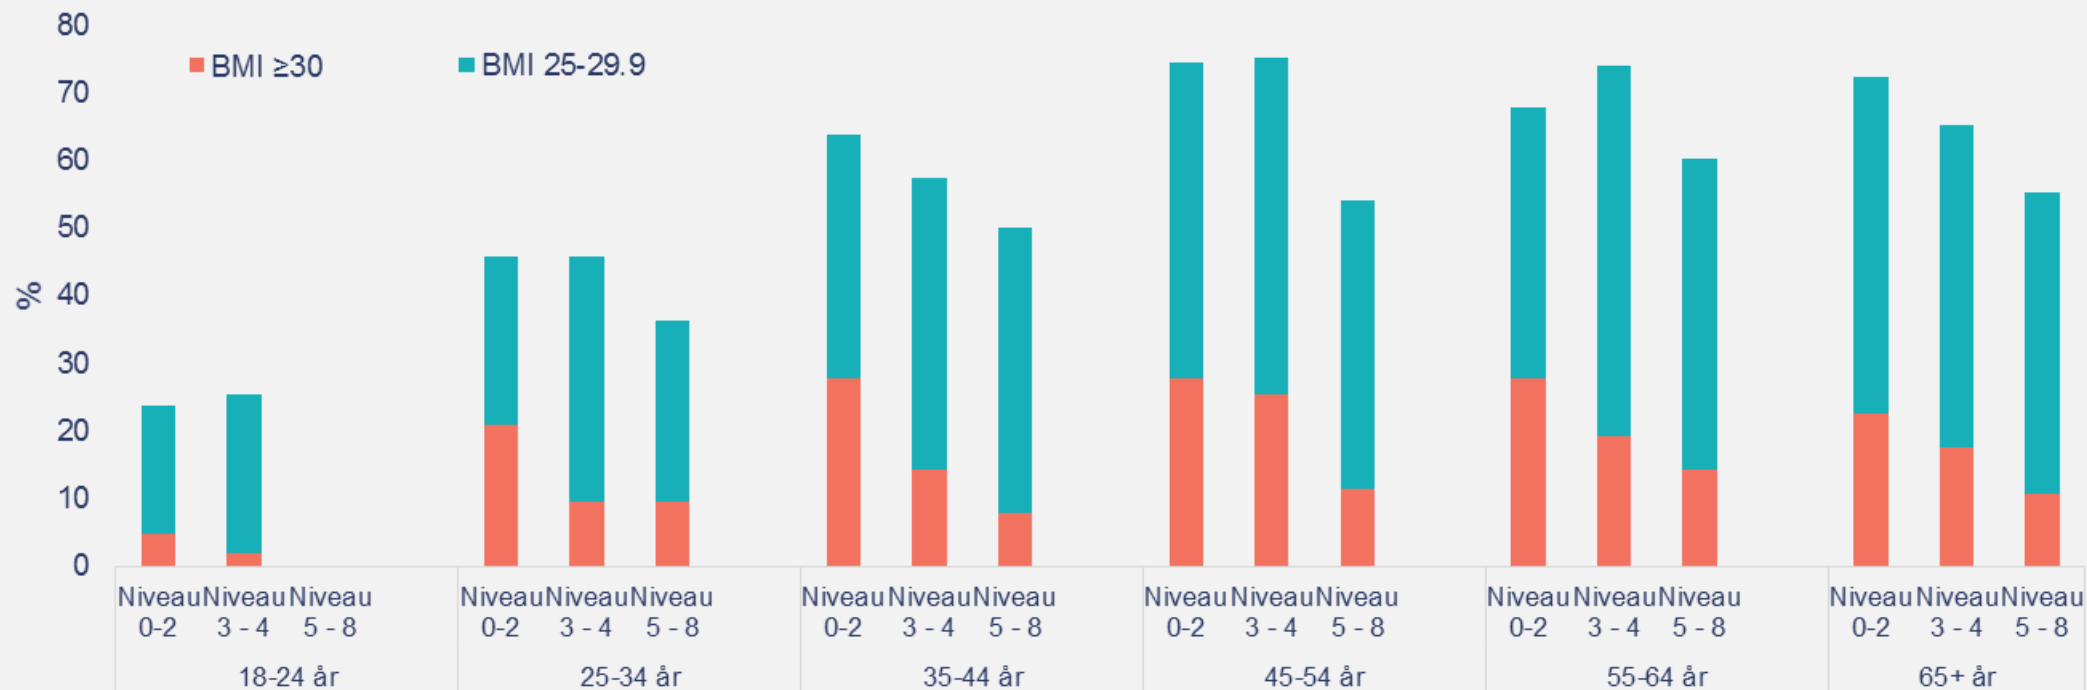

1st Quintile (lowest income), 5th Quintile (highest income)

Denmark

% overvægt og fedme efter alder og uddannelsesniveau hos mænd i Danmark 2014

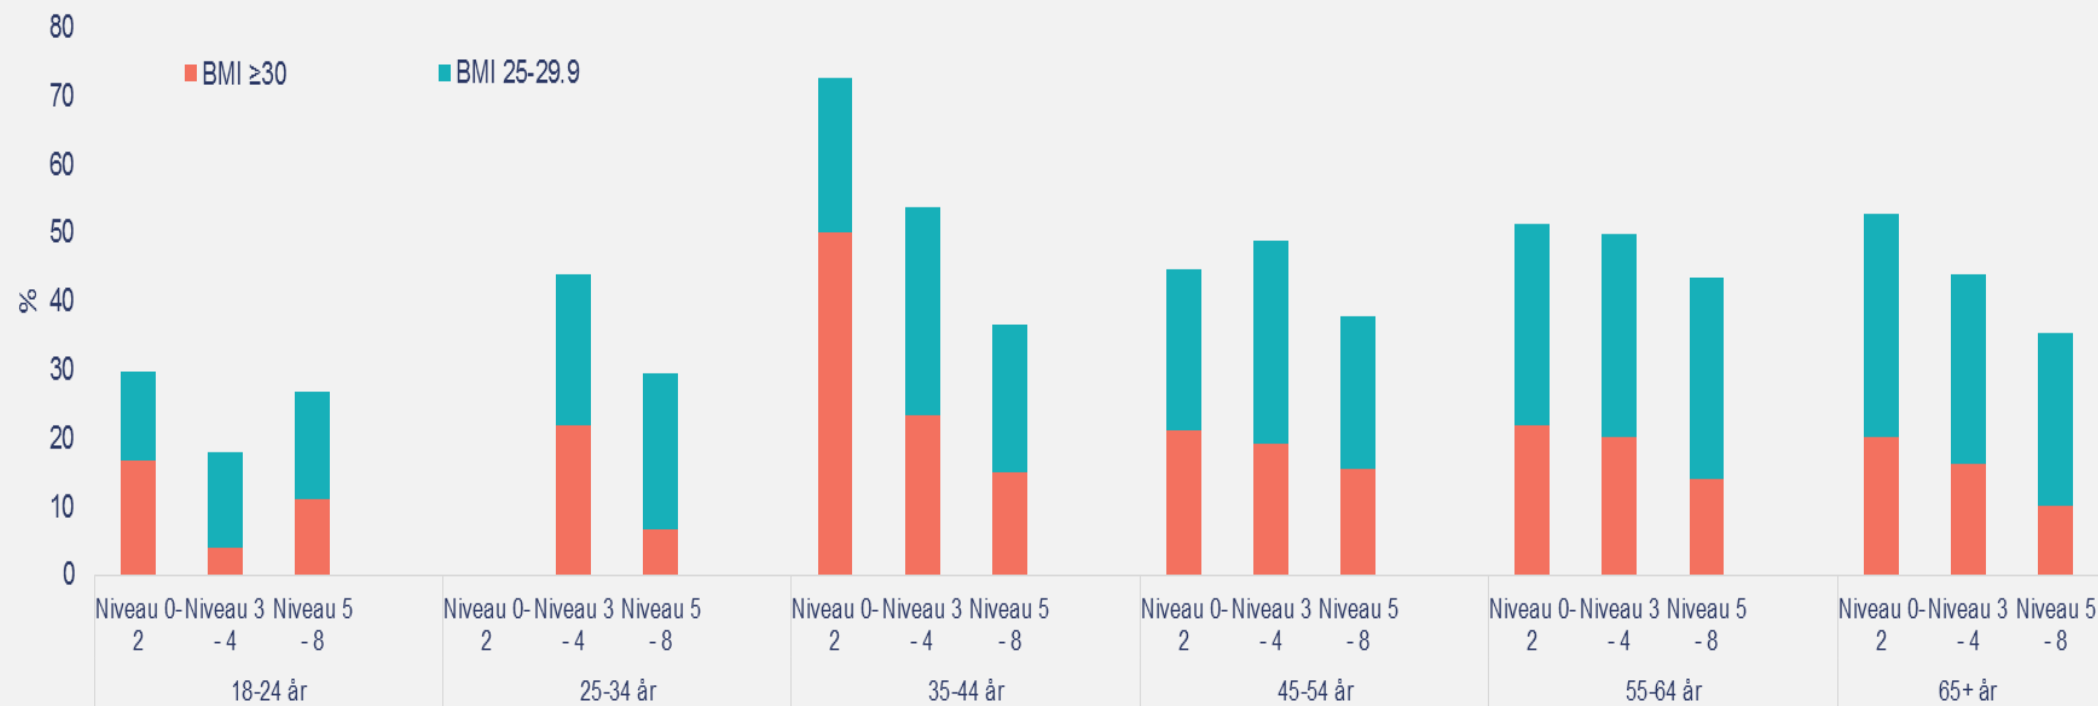

Mindre end og op til og med folkeskolens afgangsprøve (niveau 0-2)
Ungdomsuddannelse og yderligere ikke-videregående uddannelser (niveau 3-4)
Videregående uddannelse (niveau 5-8)

Denmark

% overvægt og fedme efter alder og uddannelsesniveau hos kvinder i Danmark 2014

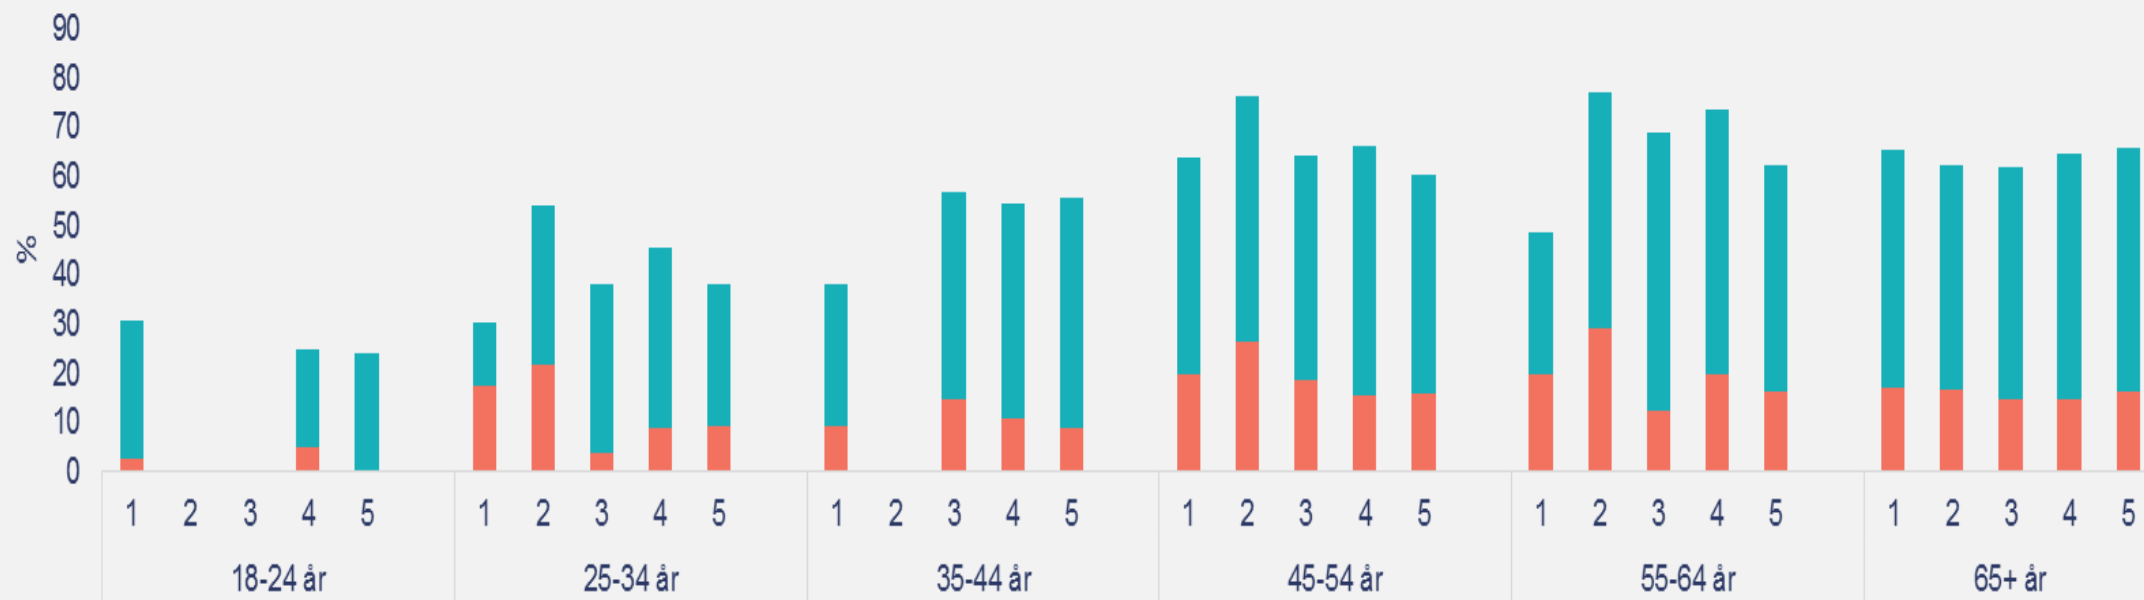

Mindre end og op til og med folkeskolens afgangsprøve (niveau 0-2)
Ungdomsuddannelse og yderligere ikke-videregående uddannelser (niveau 3-4)
Videregående uddannelse (niveau 5-8)

Denmark

% overvægt og fedme efter alder og indkomstkventil hos mænd boende i Danmark 2014

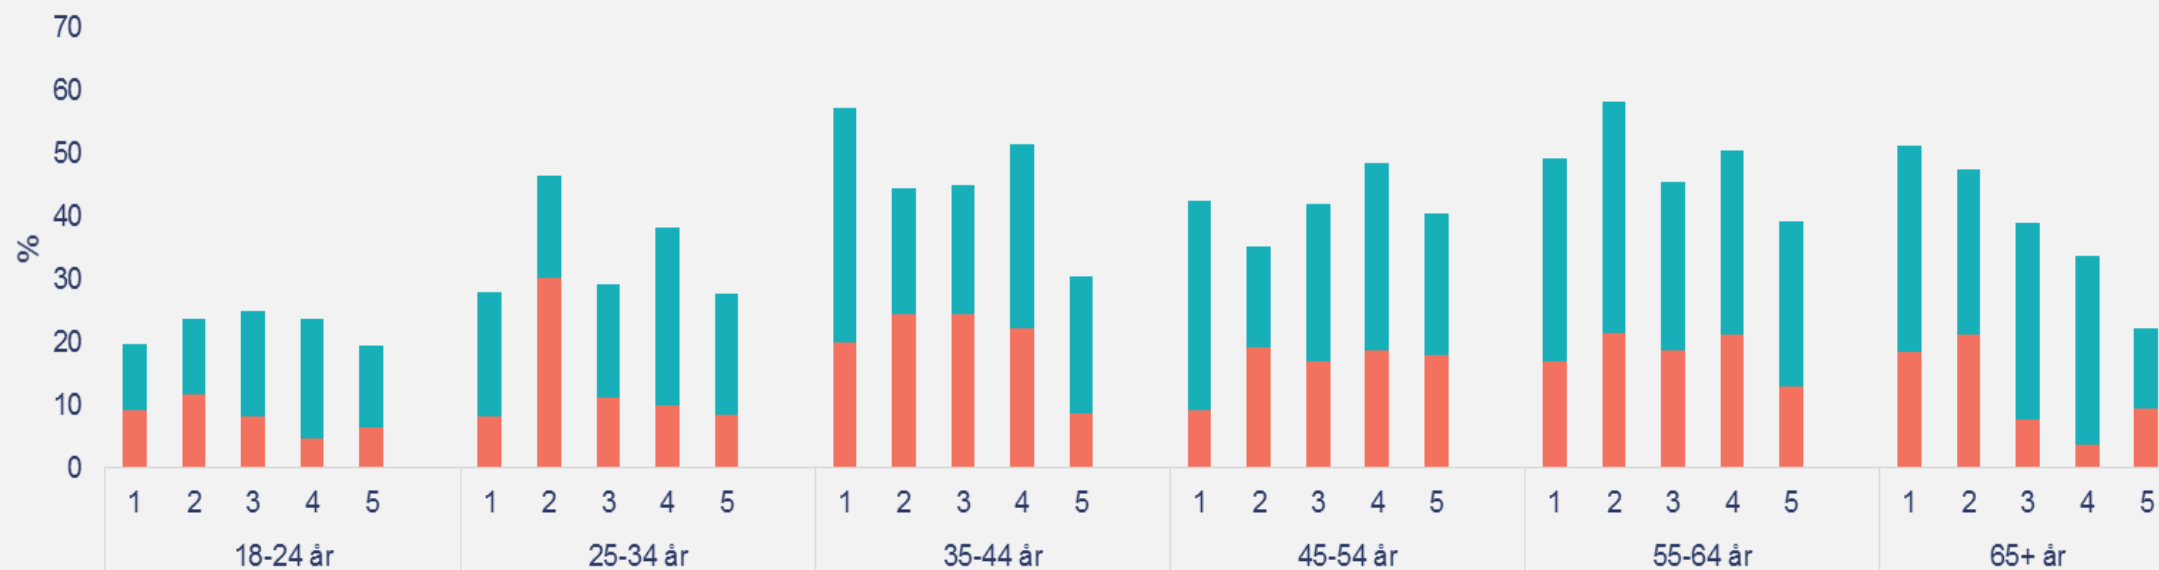

1. kvintil (laveste indkomst), 5. kvintil (højeste indkomst)

■ BMI ≥ 30 ■ BMI 25-29.9

Denmark

% overvægt og fedme efter alder og indkomstkventil hos kvinder boende i Danmark 2014

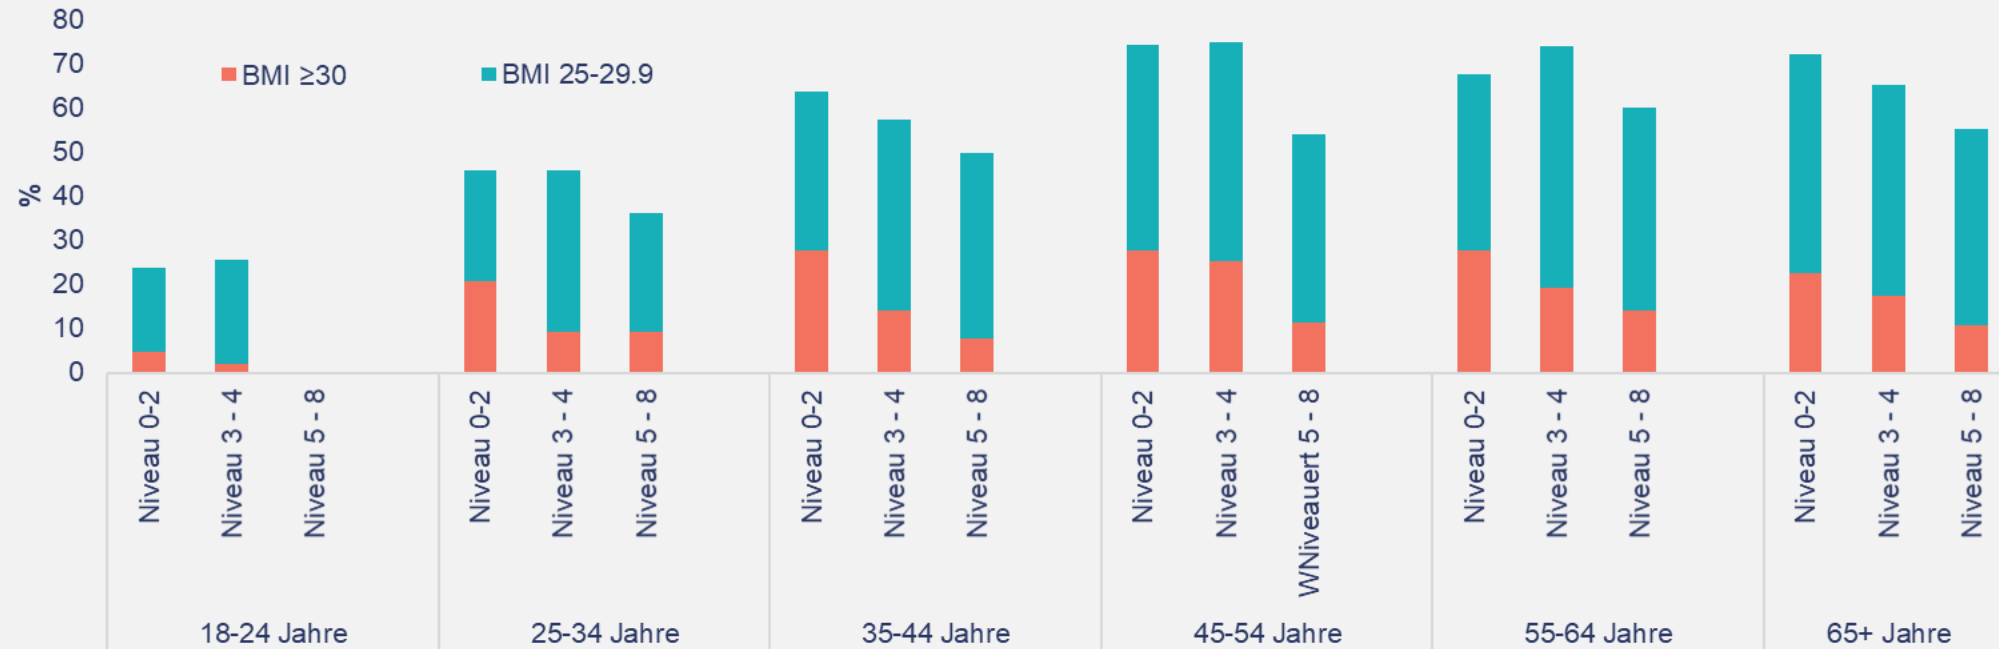

1. kvintil (laveste indkomst), 5. kvintil (højeste indkomst)

■ BMI ≥ 30 ■ BMI 25-29.9

Denmark

% Übergewicht und Fettleibigkeit nach Alter & Bildungsniveau bei Männern in Dänemark 2014

Weniger als Grund-, Grund- und geringe Sekundärbildung (Niveaus 0-2)

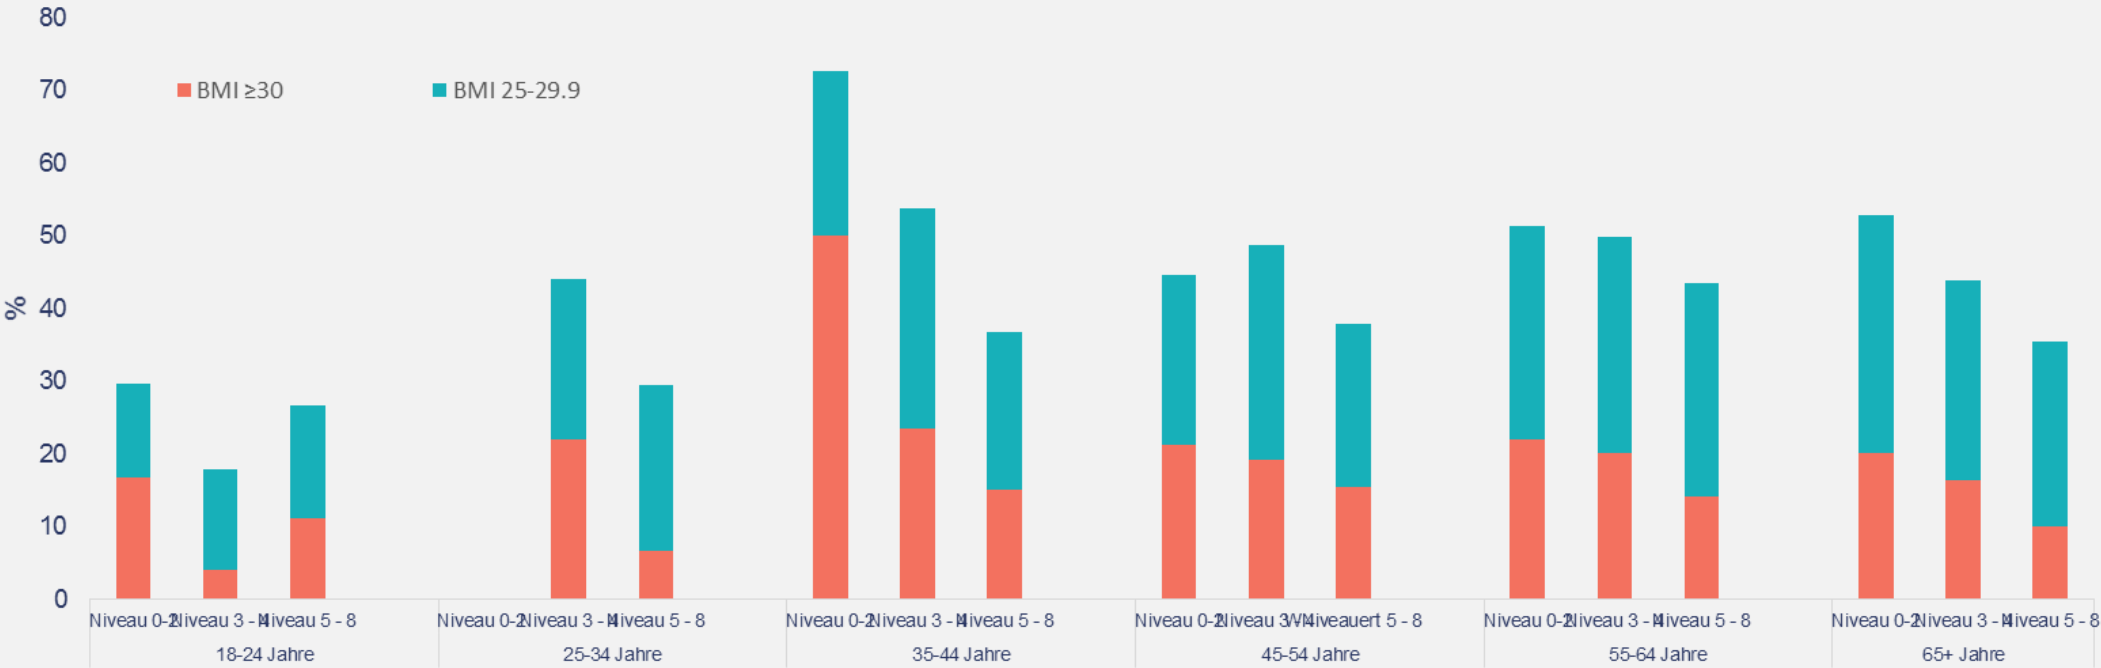

Abgeschlossene Sekundärbildung und postsekundäre aber nicht tertiäre Bildung (Niveaus 3-4)

Tertiäre Bildung (Niveaus 5-8)

Denmark

% Übergewicht und Fettleibigkeit nach Alter & Bildungsniveau bei Frauen in Dänemark 2014

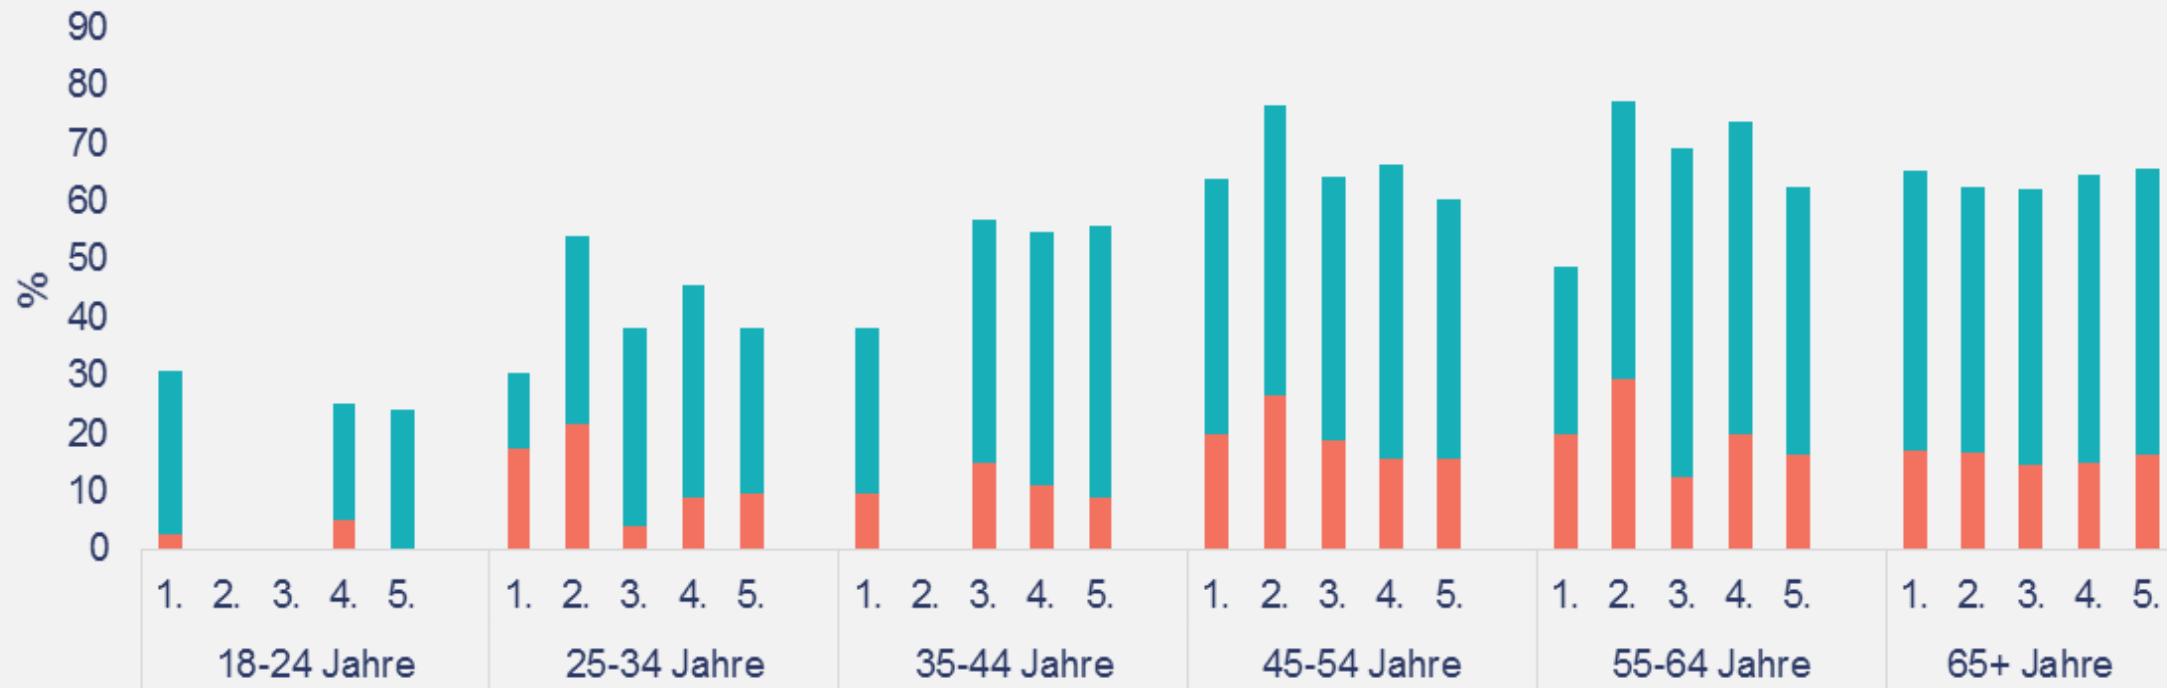

Weniger als Grund-, Grund- und geringe Sekundärbildung (Niveaus 0-2)
Abgeschlossene Sekundärbildung und postsekundäre aber nicht tertiäre Bildung (Niveaus 3 - 4)
Tertiäre Bildung (Niveaus 5-8)

Denmark

% Übergewicht & Fettleibigkeit nach Alter & Einkommensquintil bei Männern in Dänemark 2014

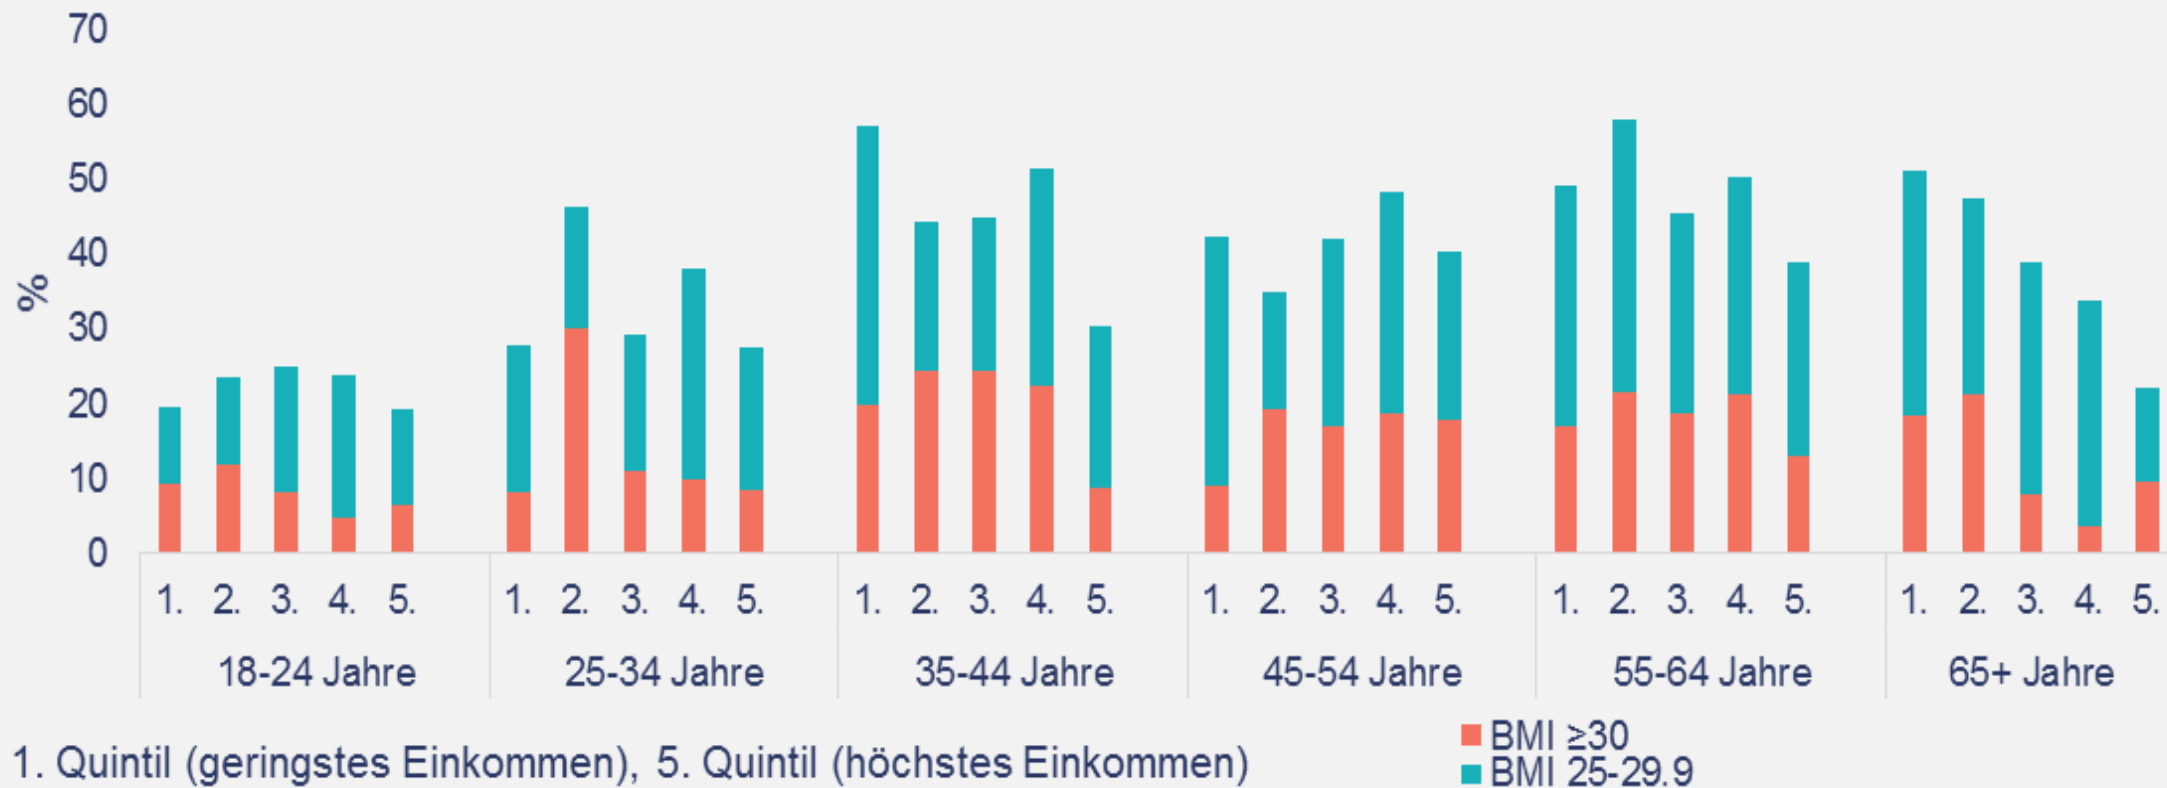

1. Quintil (geringstes Einkommen), 5. Quintil (höchstes Einkommen)

■ BMI ≥ 30 ■ BMI 25-29.9

Denmark

% Übergewicht & Fettleibigkeit nach Alter und Einkommensquintil bei Frauen in Dänemark 2014

Denmark

Changes in Overweight (%) in 13 year old boys between 2001 & 2013/14

* The Former Yugoslav Republic Macedonia

Based on self report data from the Health Behaviour in School Aged Children (HBSC) Study using IOTF International Cut Off Points

Denmark

Changes in prevalence of Overweight (%) in 15 year old boys between 2001 & 2013/14

* The Former Yugoslav Republic Macedonia

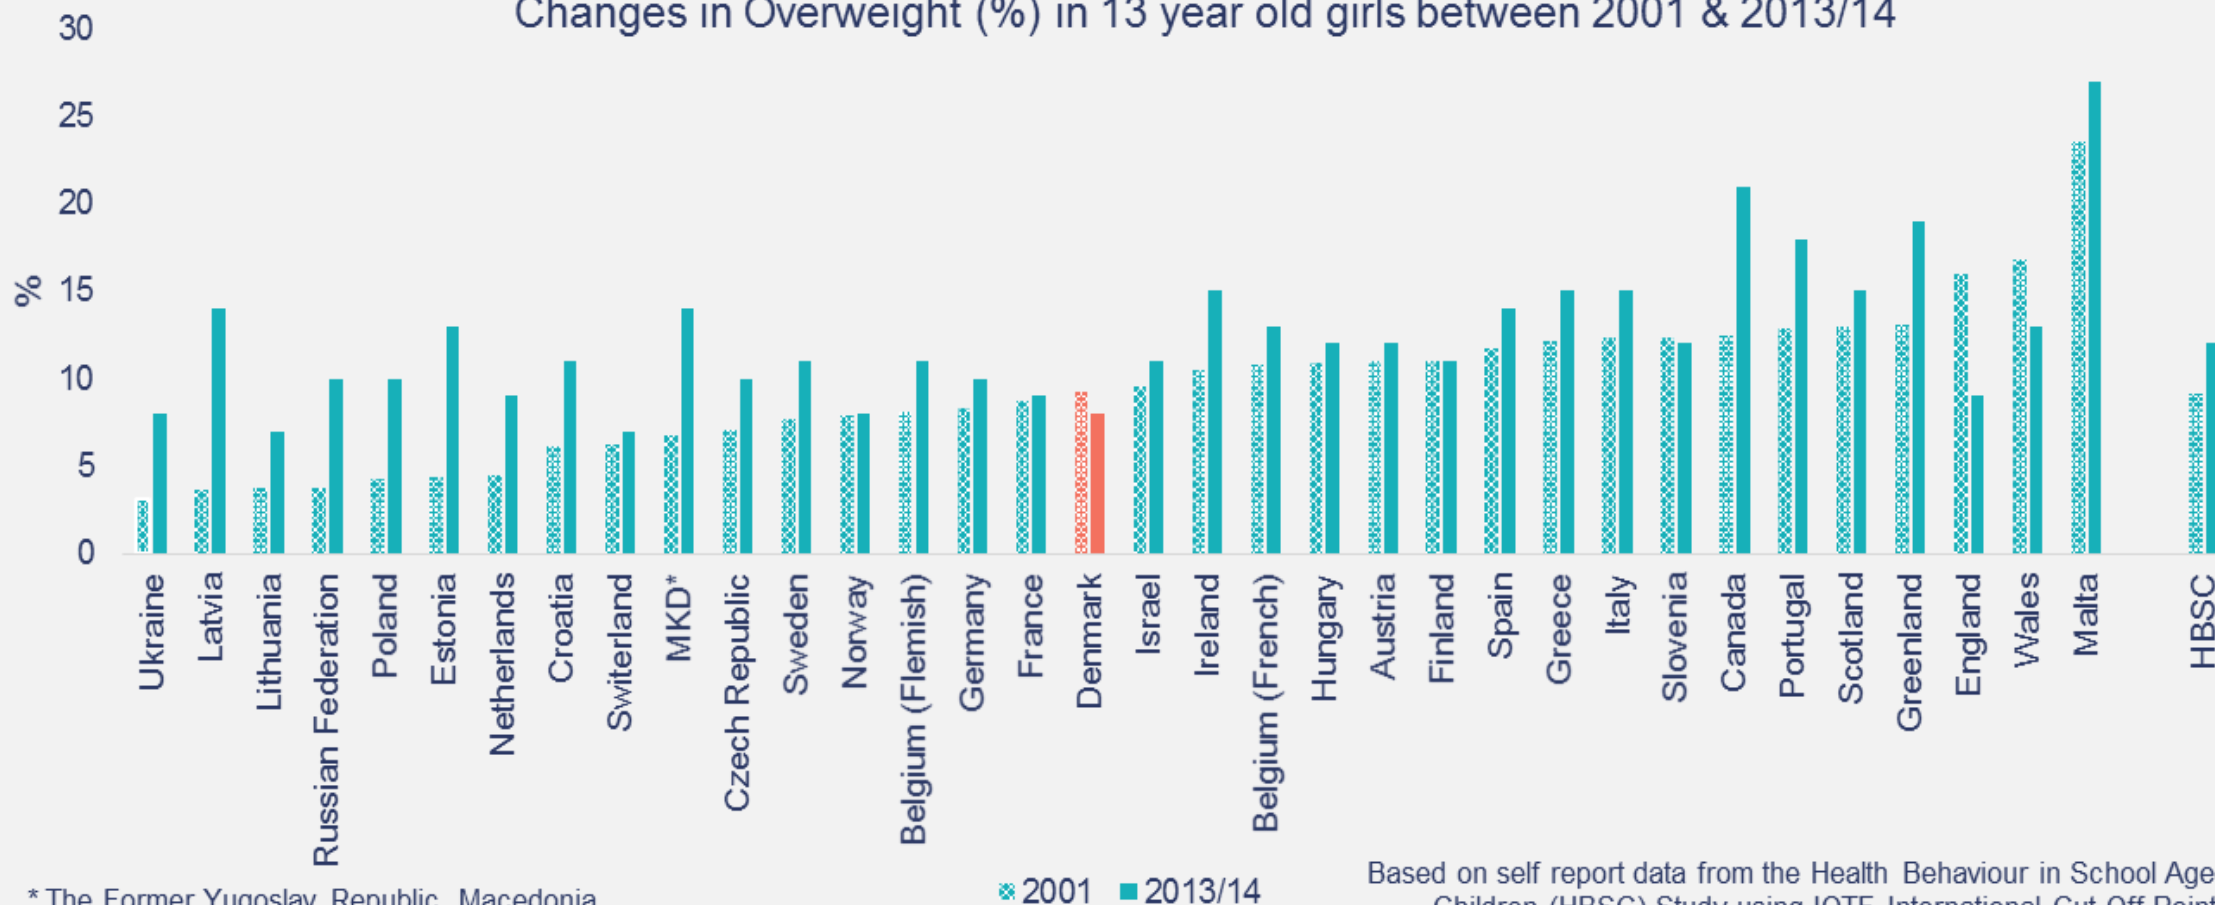

2001 2013/14

Based on self report data from the Health Behaviour in School Aged Children (HBSC) Study using IOTF International Cut Off Points

Denmark

Changes in Overweight (%) in 13 year old girls between 2001 & 2013/14

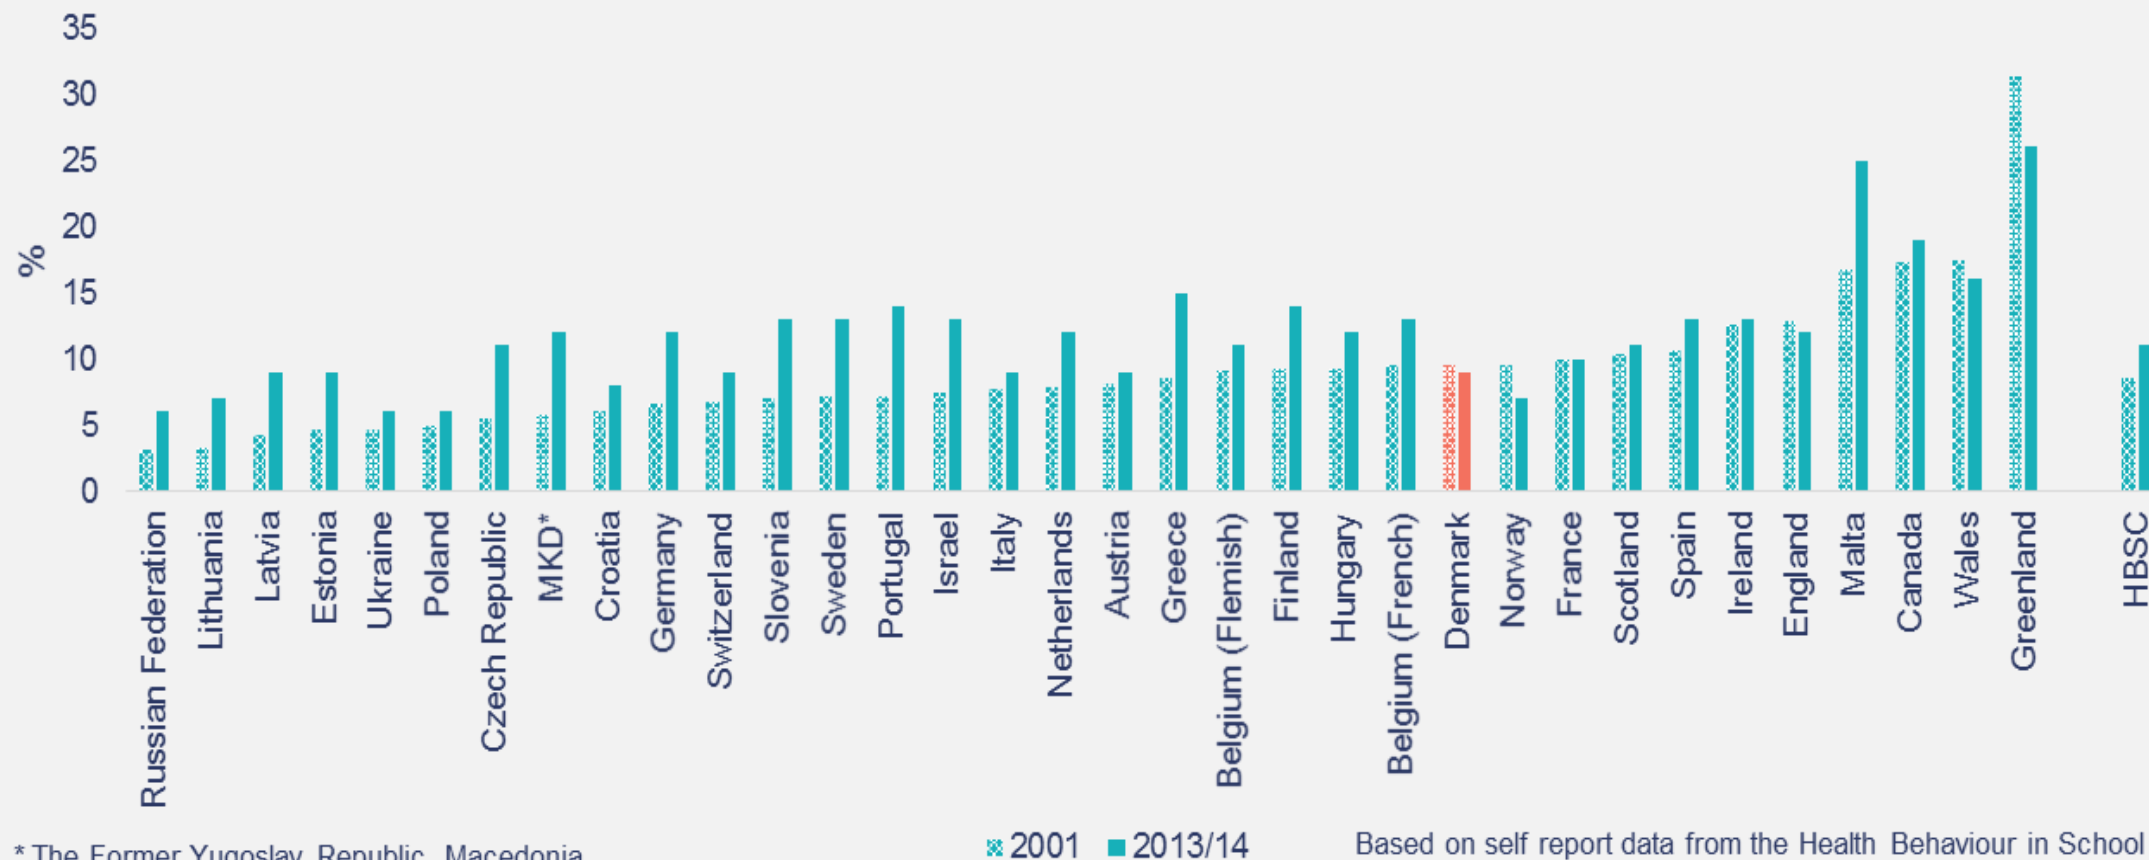

* The Former Yugoslav Republic Macedonia

Based on self report data from the Health Behaviour in School Aged Children (HBSC) Study using IOTF International Cut Off Points

Denmark

Changes in prevalence of Overweight (%) in 15 year old girls between 2001 & 2013/14

* The Former Yugoslav Republic Macedonia

Based on self report data from the Health Behaviour in School Aged Children (HBSC) Study using IOTF International Cut Off Points

Denmark

% Insufficiently active male adolescents living in EU Member Countries (2010)

No data available in Cyprus

Denmark

% Insufficiently active female adolescents living in EU Member Countries (2010)

No data available in Cyprus

Denmark

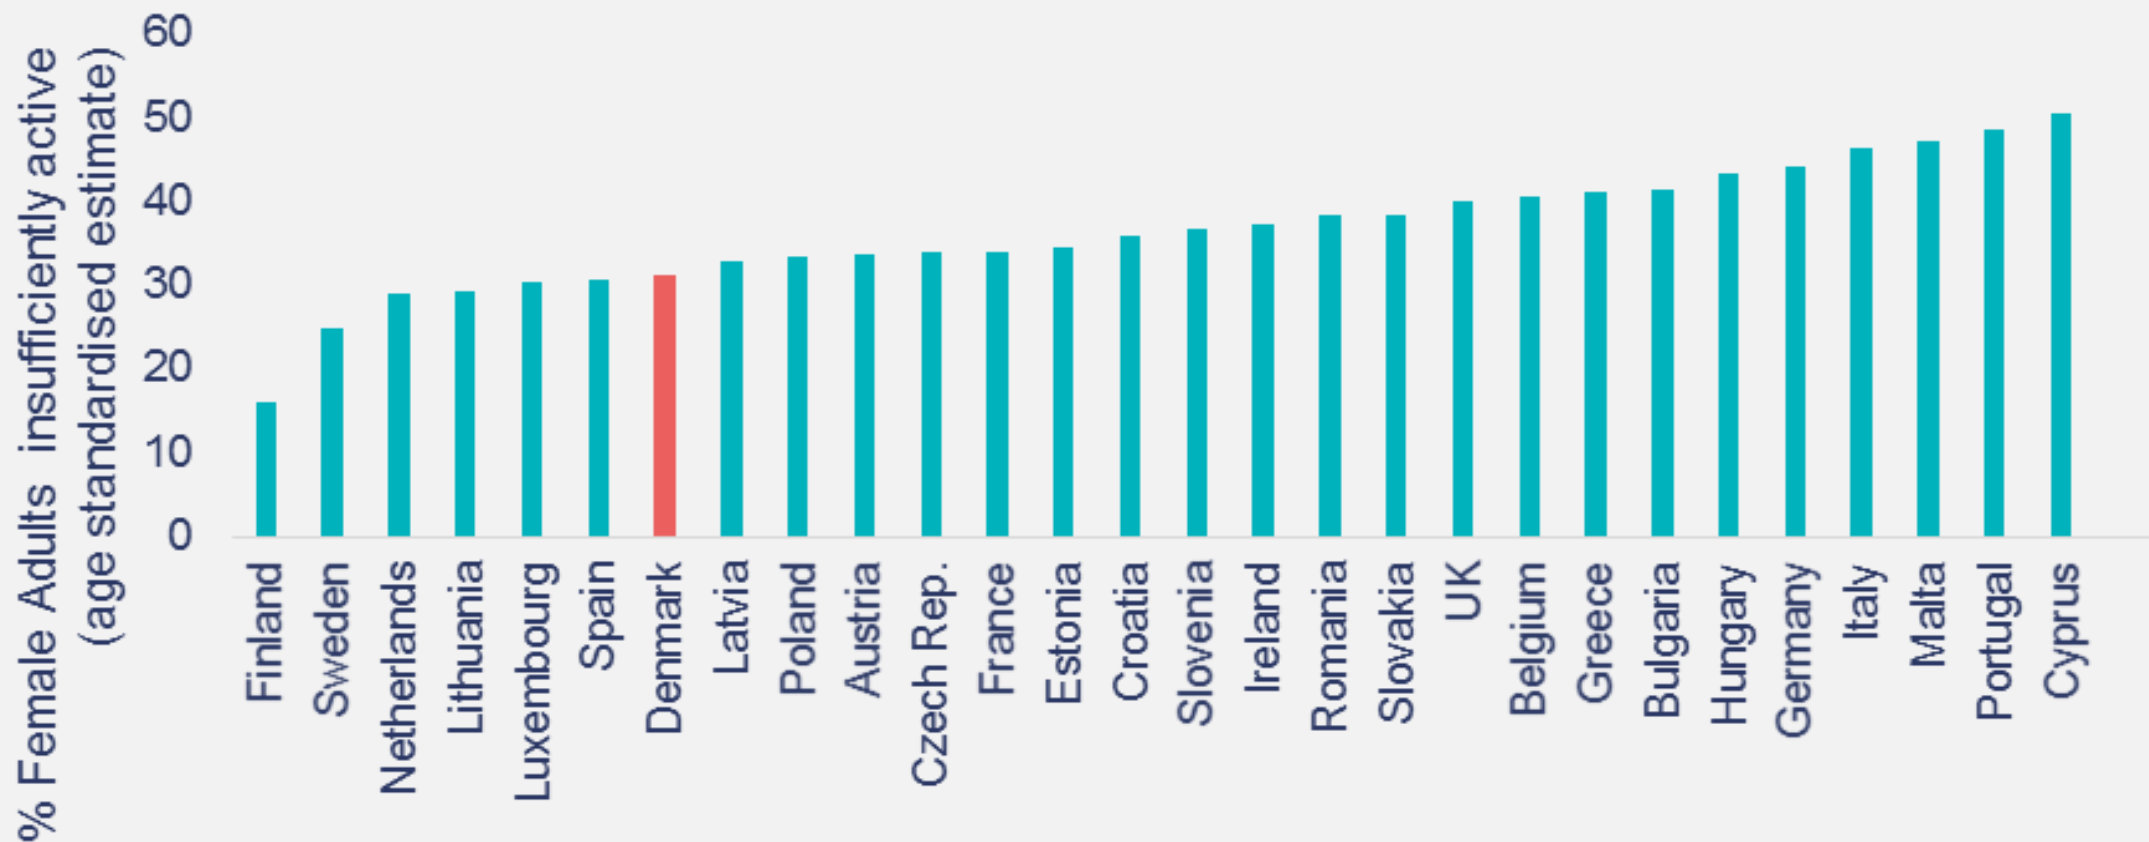

% Insufficiently active male adults living in EU Member Countries (2016)

Denmark

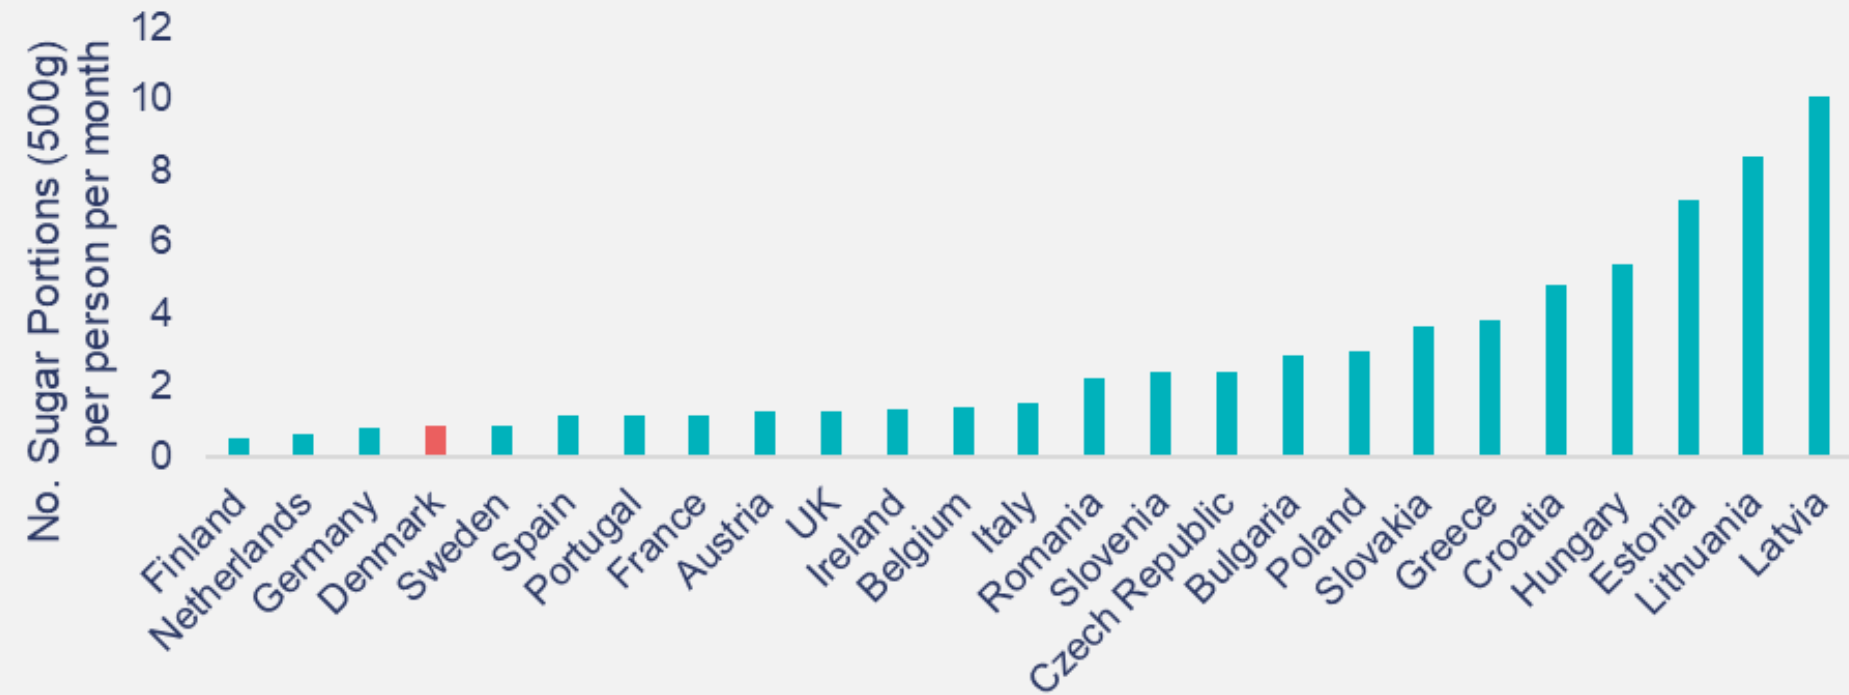

% Insufficiently active female adults living in EU Member Countries (2016)

Denmark

Sugar Consumption/Sales for individuals living in EU Member Countries

No data available in Cyprus, Luxembourg & Malta
Sugar Consumption/Sales for individuals living in EU Member Countries.

Denmark

Vegetable Consumption/Sales for individuals living in EU Member Countries

No data available in Cyprus, Luxembourg & Malta

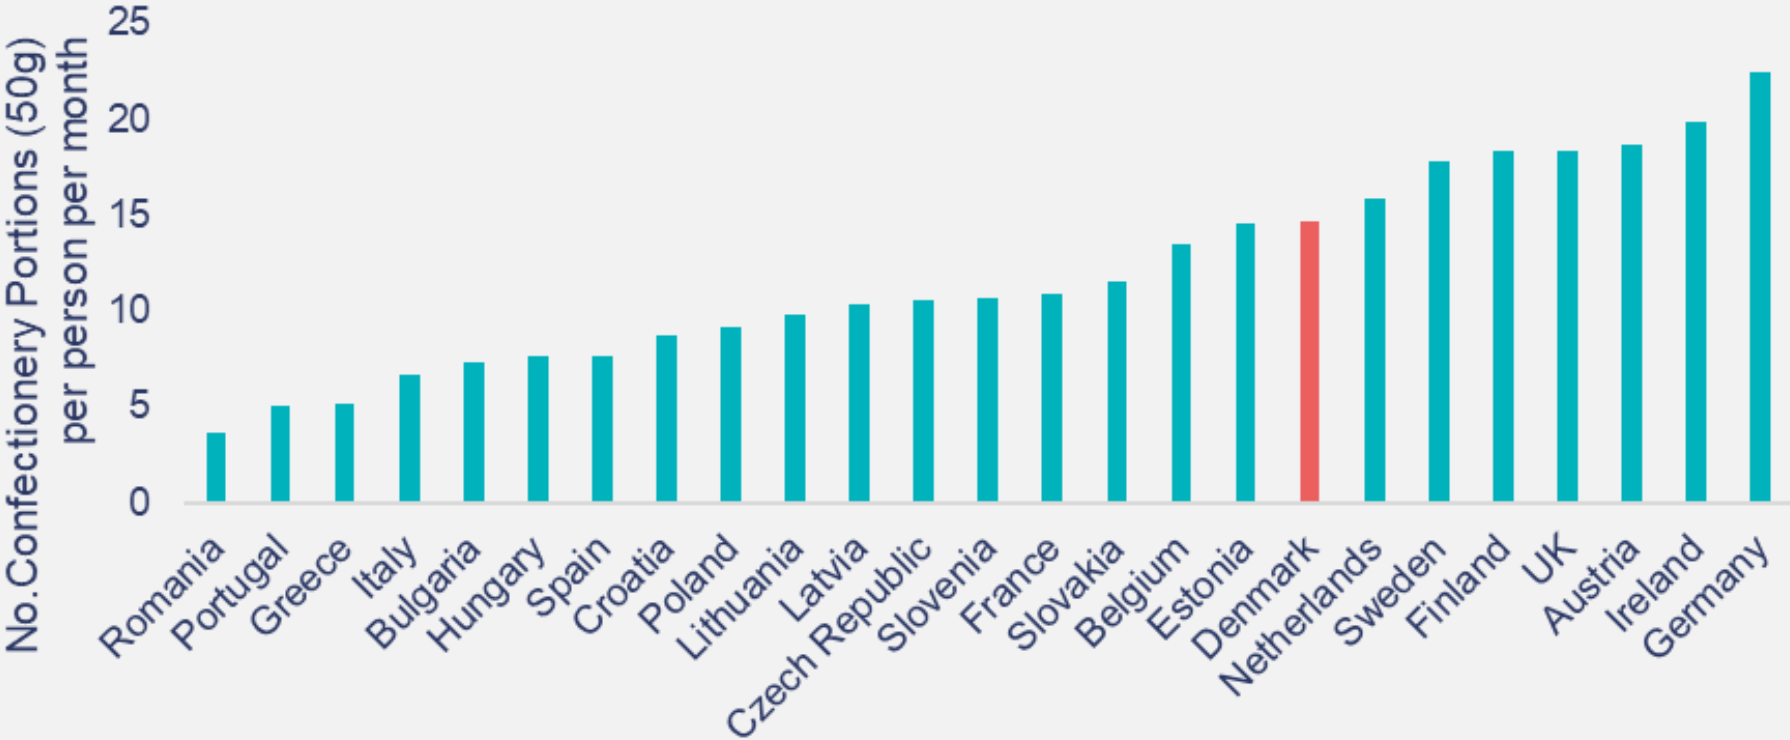

Vegetable Consumption/Sales for individuals living in EU Member Countries

Derived from: Euromonitor International, Fresh Food, 2016 edition

Denmark

Confectionery Consumption/Sales for individuals living in EU Member Countries

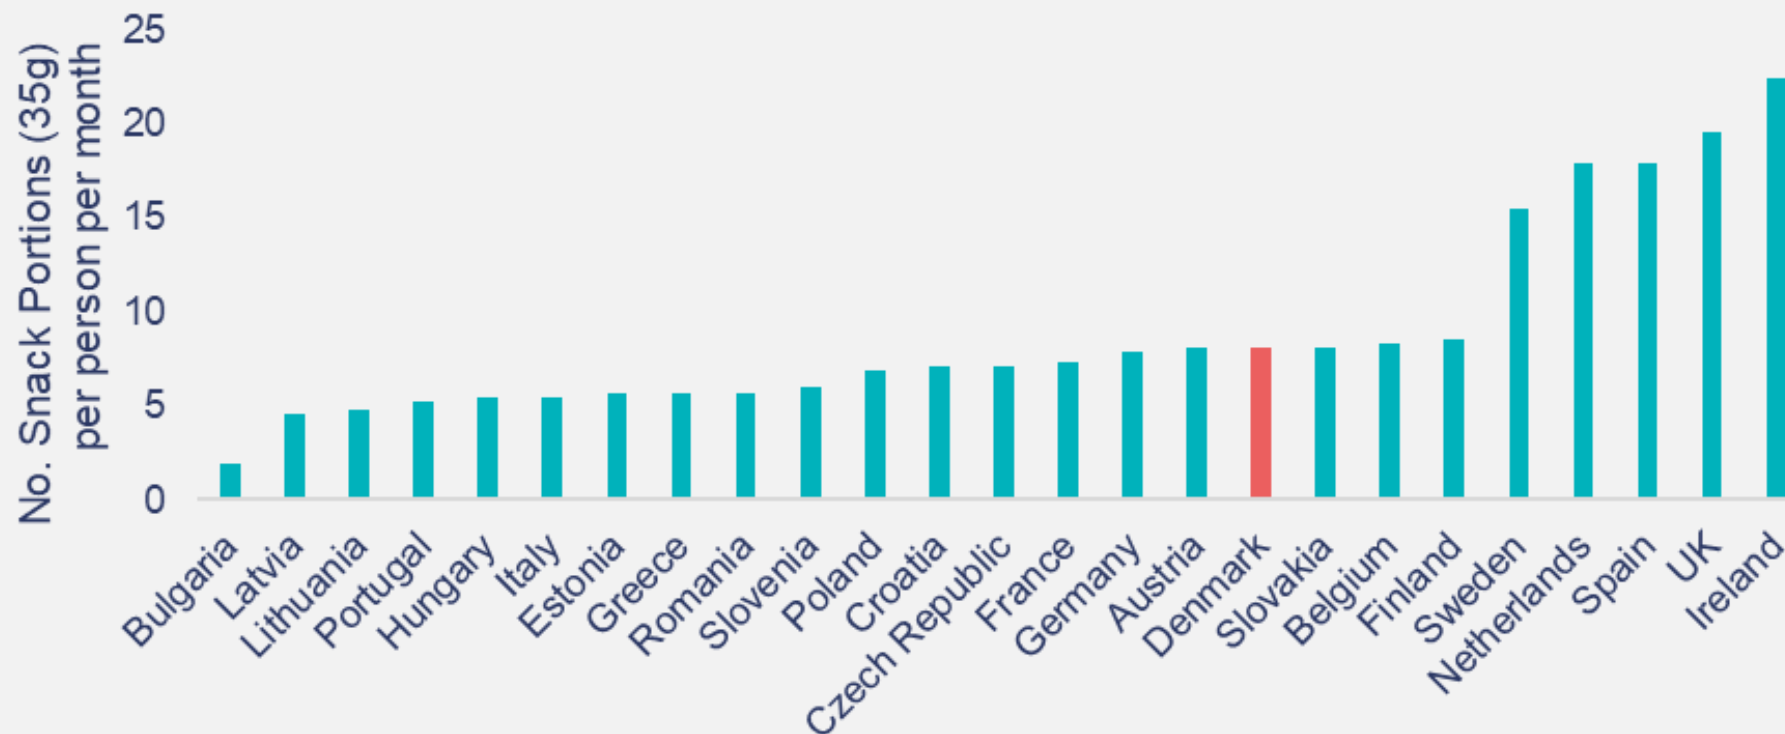

No data available in Cyprus, Luxembourg & Malta
Confectionery Consumption/Sales for individuals living in EU Member Countries
Derived from: Euromonitor International, Packaged Food, 2016 edition

Denmark

Sweet & Savoury Snack Consumption/Sales for individuals living in EU Member Countries

No data available in Cyprus, Luxembourg & Malta
Sweet and Savoury Snacks Consumption/Sales for individuals living in EU Member Countries
Derived from: Euromonitor International, Packaged Food, 2016 edition

Denmark

Fruit Consumption/Sales for individuals living in EU Member Countries

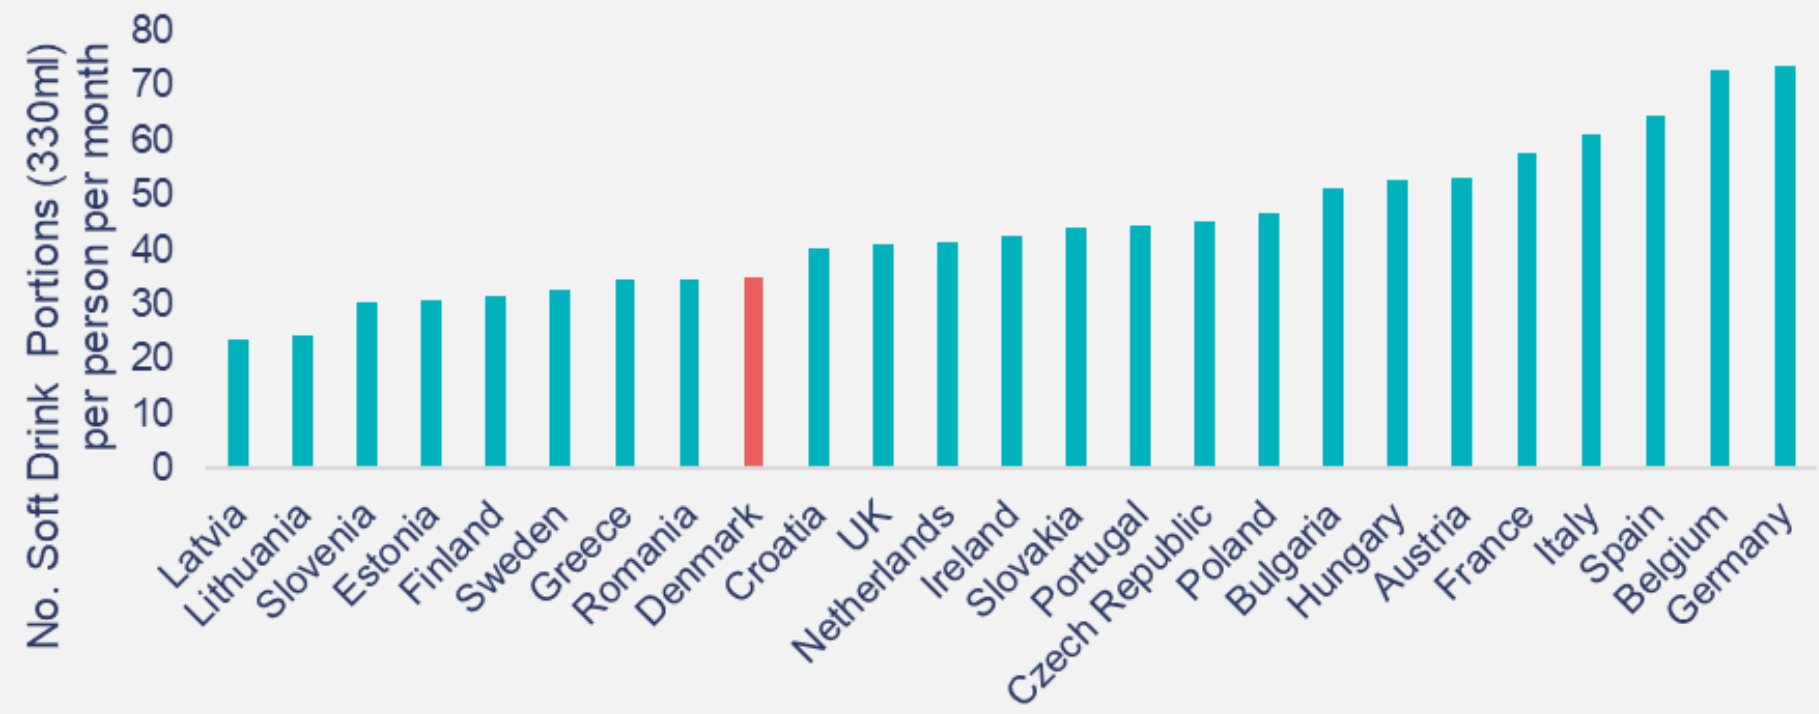

No data available in Cyprus, Luxembourg & Malta
Fruit Consumption/Sales for individuals living in EU Member Countries
Derived from: Euromonitor International, Fresh Food, 2016 edition

Denmark

Soft Drink Consumption/Sales for individuals living in EU Member Countries

No data availabe in Cyprus, Luxembourg & Malta
Soft Drink Consumption/Sales for individuals living in EU Member Countries
Derived from: Euromonitor International, Soft Drinks, 2016 edition

Denmark

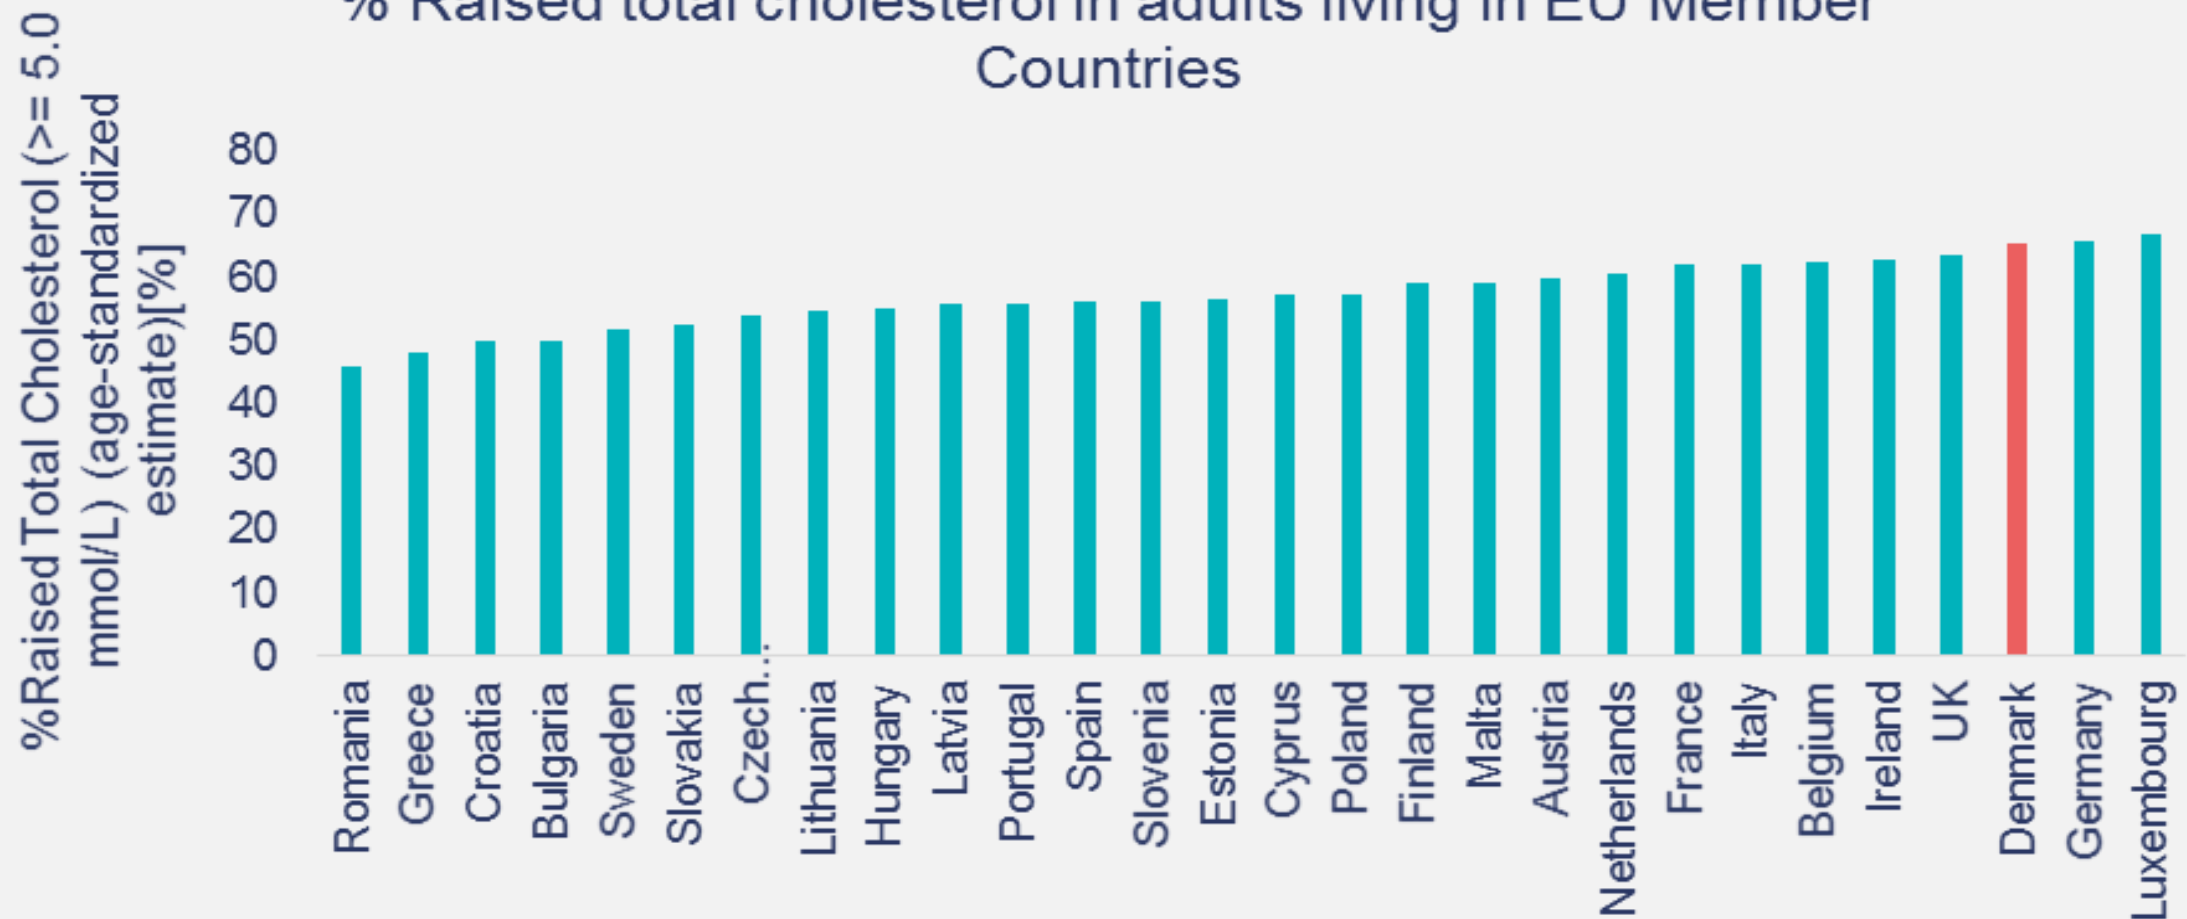

Diabetes age-adjusted comparative prevalence [%] in adults living in EU Member Countries (2017)

Denmark

% Raised total cholesterol in adults living in EU Member Countries

Denmark

% Raised blood pressure in males living in EU Member Countries (2015)

Denmark

% Raised blood pressure in females living in EU Member Countries (2015)

Denmark

Colorectal Cancer incidence in males living in EU Member Countries

*ASR(W) Age Standardised Rate (to World Standard Population) expressed per 100,000

Denmark

Colorectal Cancer incidence in females living in EU Member Countries

*ASR(W) Age Standardised Rate (to World Standard Population) expressed per 100,000

Denmark

Breast Cancer incidence in females living in EU Member Countries

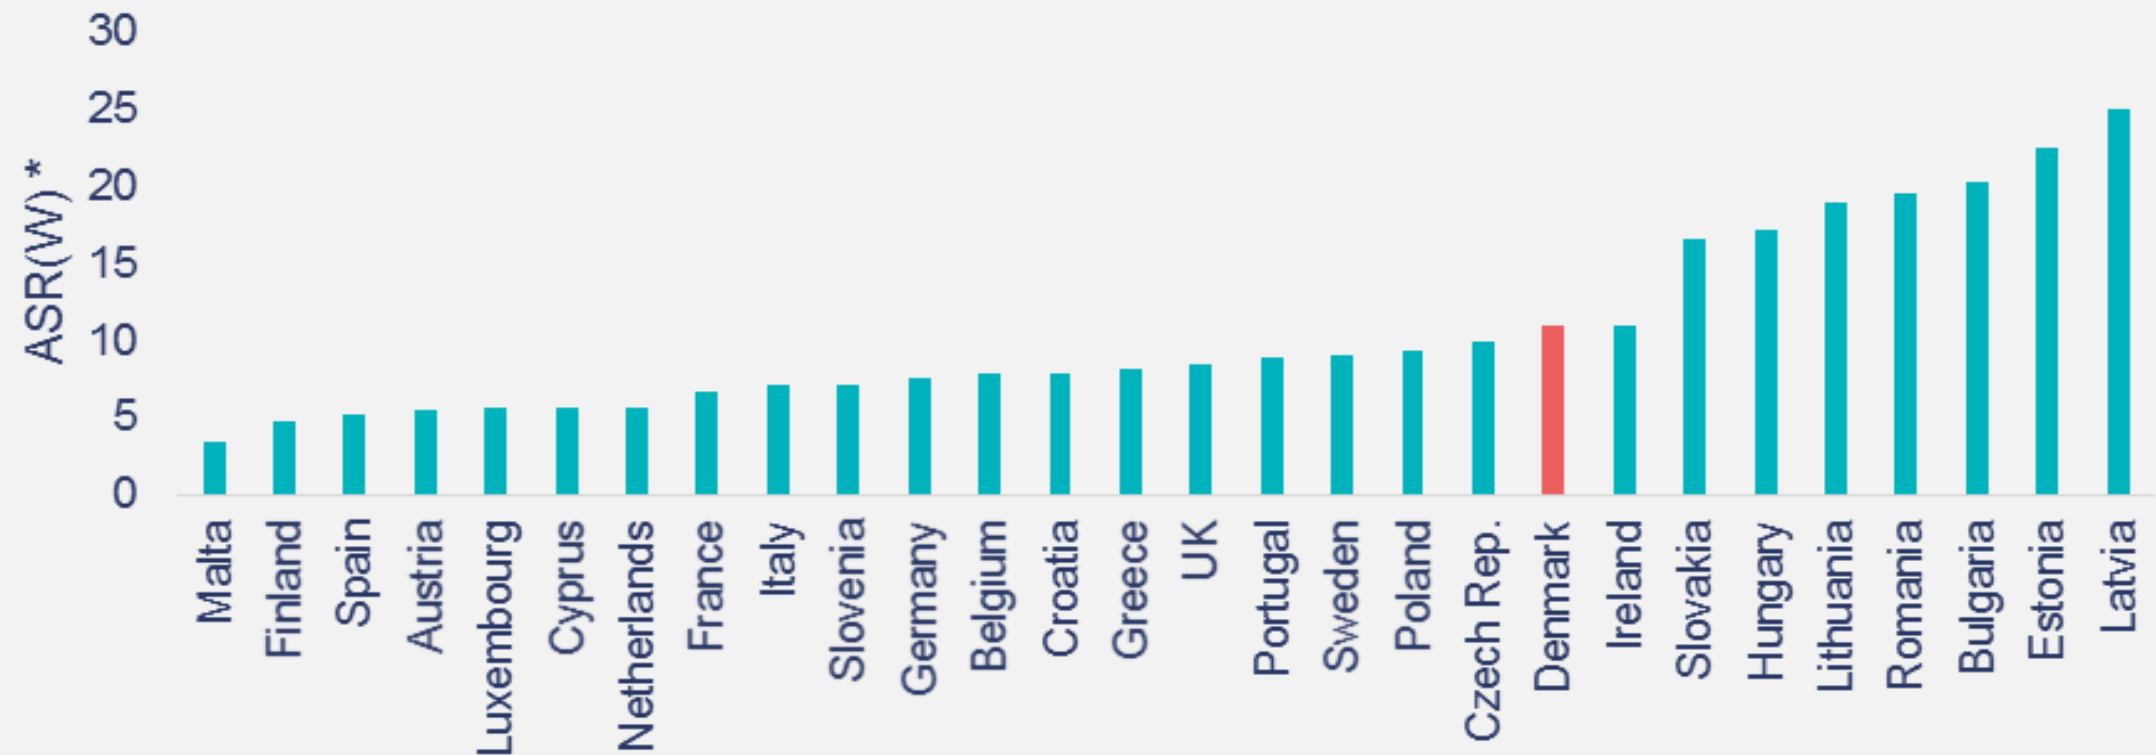

*ASR(W) Age Standardised Rate (to World Standard Population) expressed per 100,000

Denmark

Cancer of the Cervix Uteri incidence in females living in EU Member Countries

*ASR(W) Age Standardised Rate (to World Standard Population) expressed per 100,000

Denmark

Pancreatic Cancer incidence in males living in EU Member Countries

*ASR(W) Age Standardised Rate (to World Standard Population) expressed per 100,000

Denmark

Pancreatic Cancer incidence in females living in EU Member Countries

*ASR(W) Age Standardised Rate (to World Standard Population) expressed per 100,000

Denmark

Cancer of the Kidney incidence in males living in EU Member Countries

*ASR(W) Age Standardised Rate (to World Standard Population) expressed per 100,000

Denmark

Cancer of the Kidney incidence in females living in EU Member Countries

*ASR(W) Age Standardised Rate (to World Standard Population) expressed per 100,000

Denmark

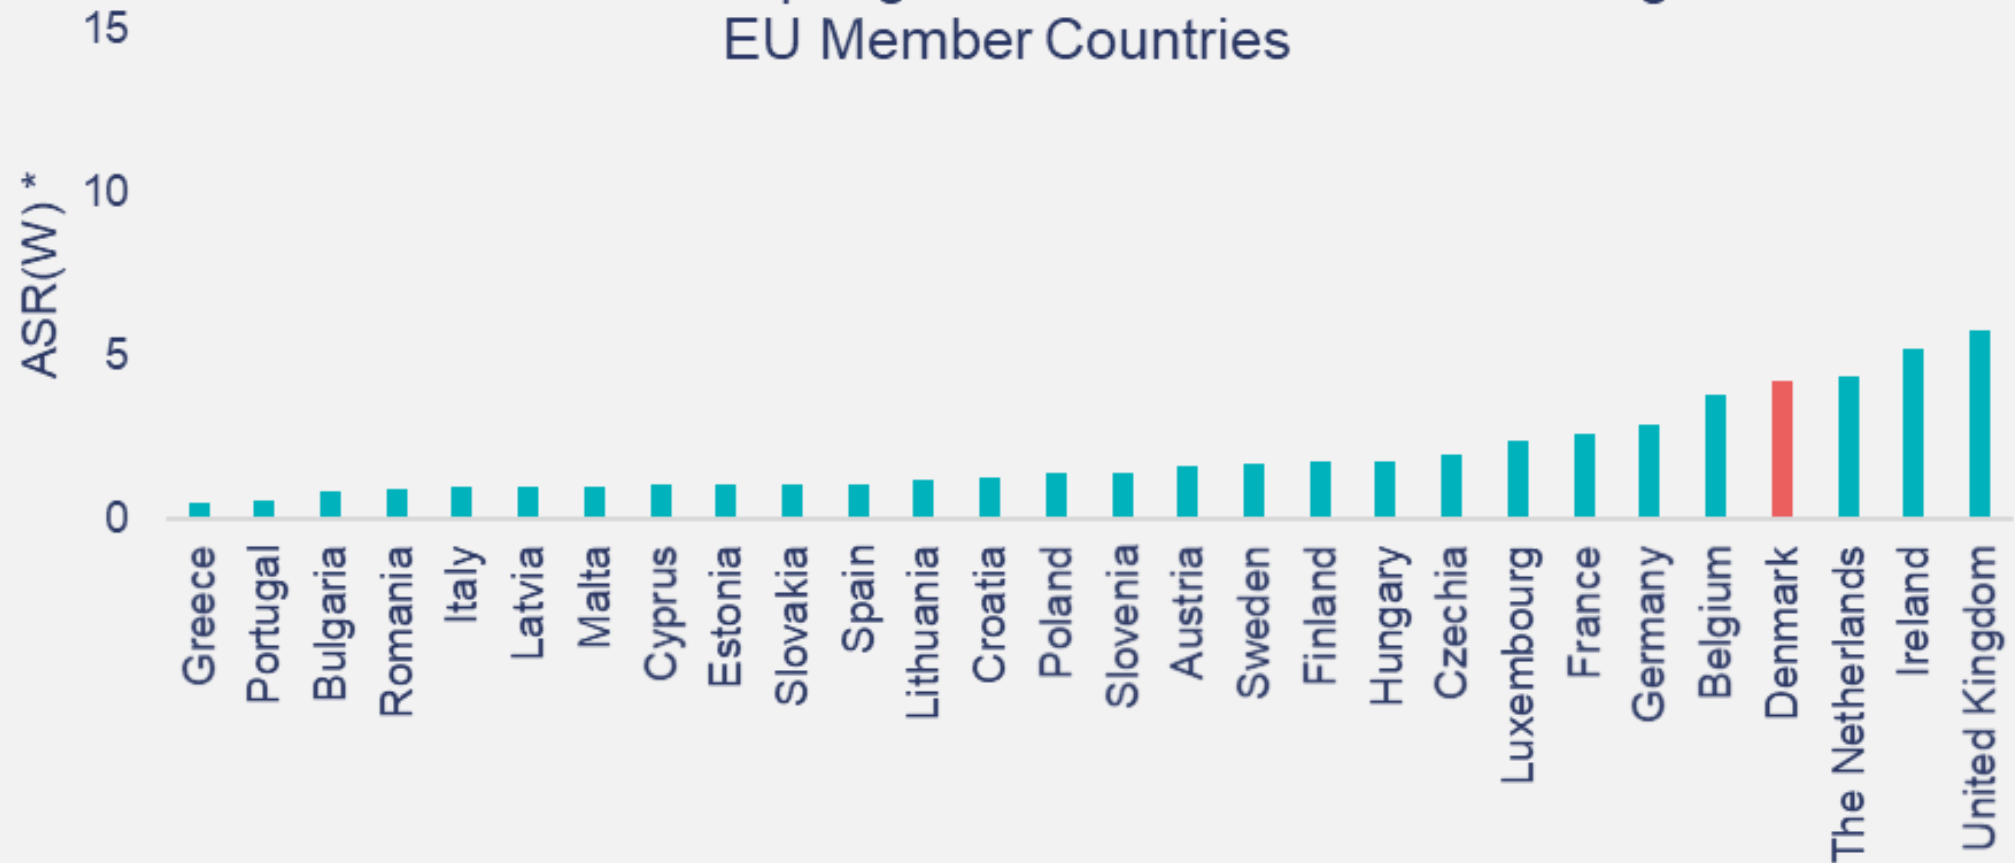

Cancer of the Oesophagus incidence in males living in EU Member Countries

Denmark

Cancer of the Oesophagus incidence in Females living in EU Member Countries

*ASR(W) Age Standardised Rate (to World Standard Population) expressed per 100,000
