

A person is running on a paved path during sunset. The lower half of the image shows the runner's legs and feet in motion, wearing bright yellow and blue sneakers. The upper half of the image is a teal-colored rectangular overlay. On the left side of this overlay, the words "WORLD" and "OBESITY" are written in white, bold, sans-serif capital letters, with a white diagonal slash through the "O" in "WORLD".

France

% Overweight & Obesity in Adults in France (2015)

France

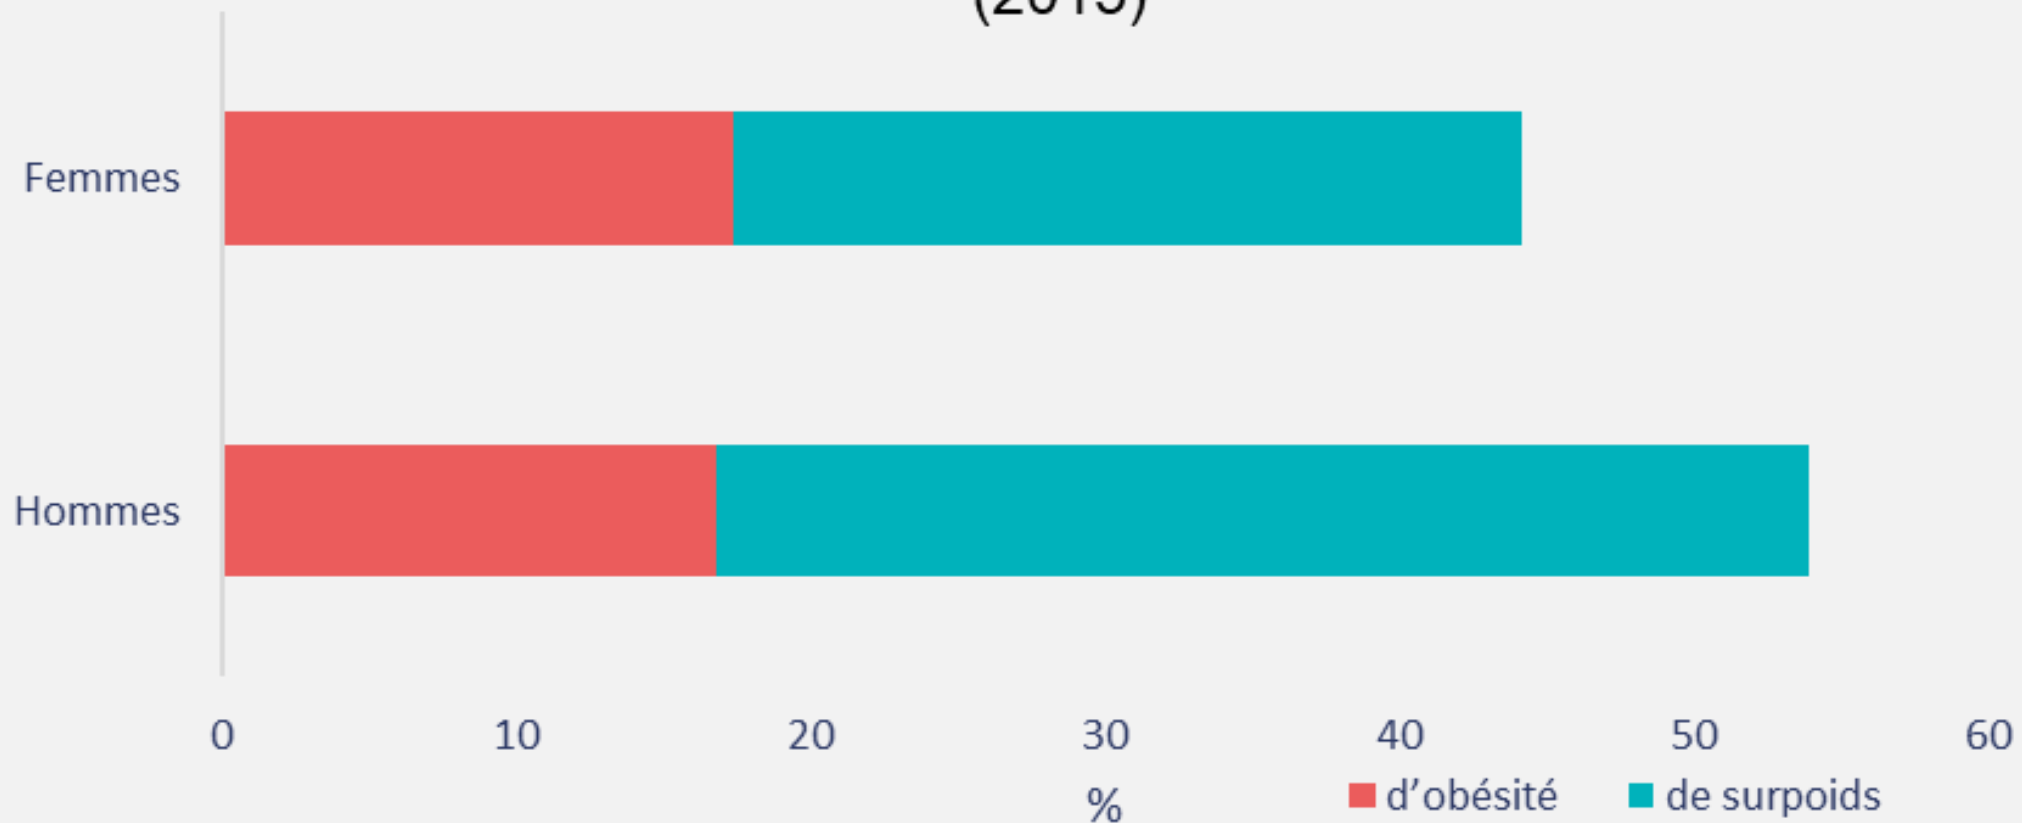

% Overweight & Obesity in children in France (2016)

France

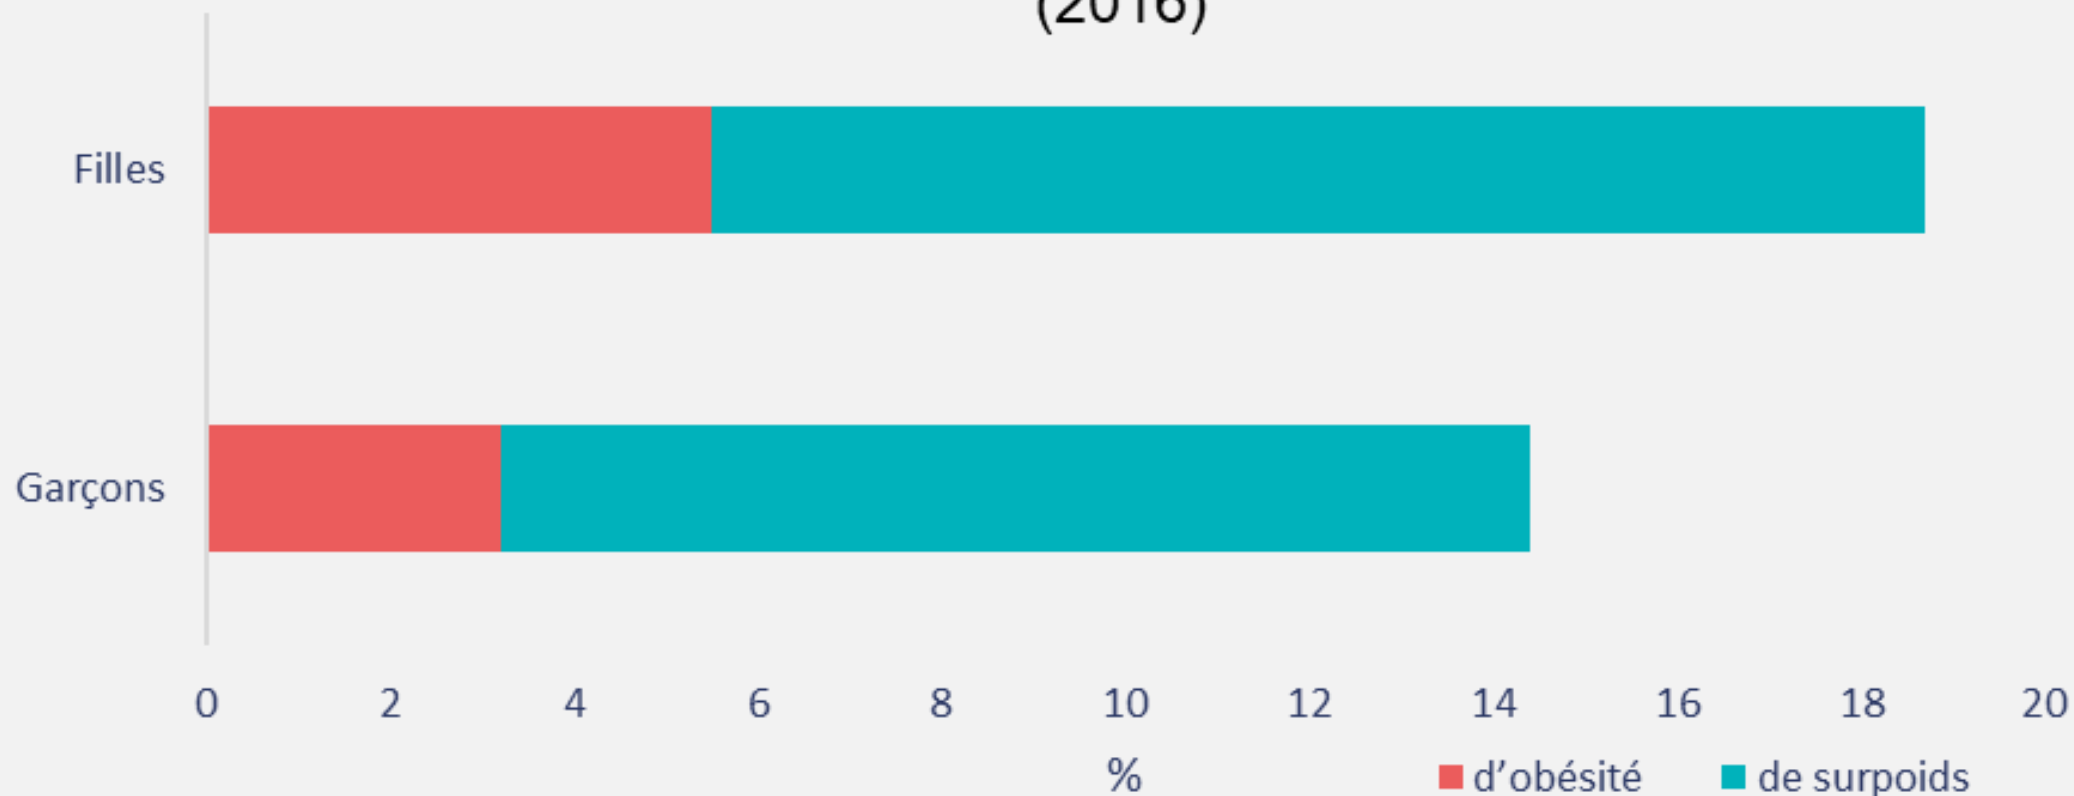

% de surpoids/d'obésité chez les adultes vivant en France (2015)

France

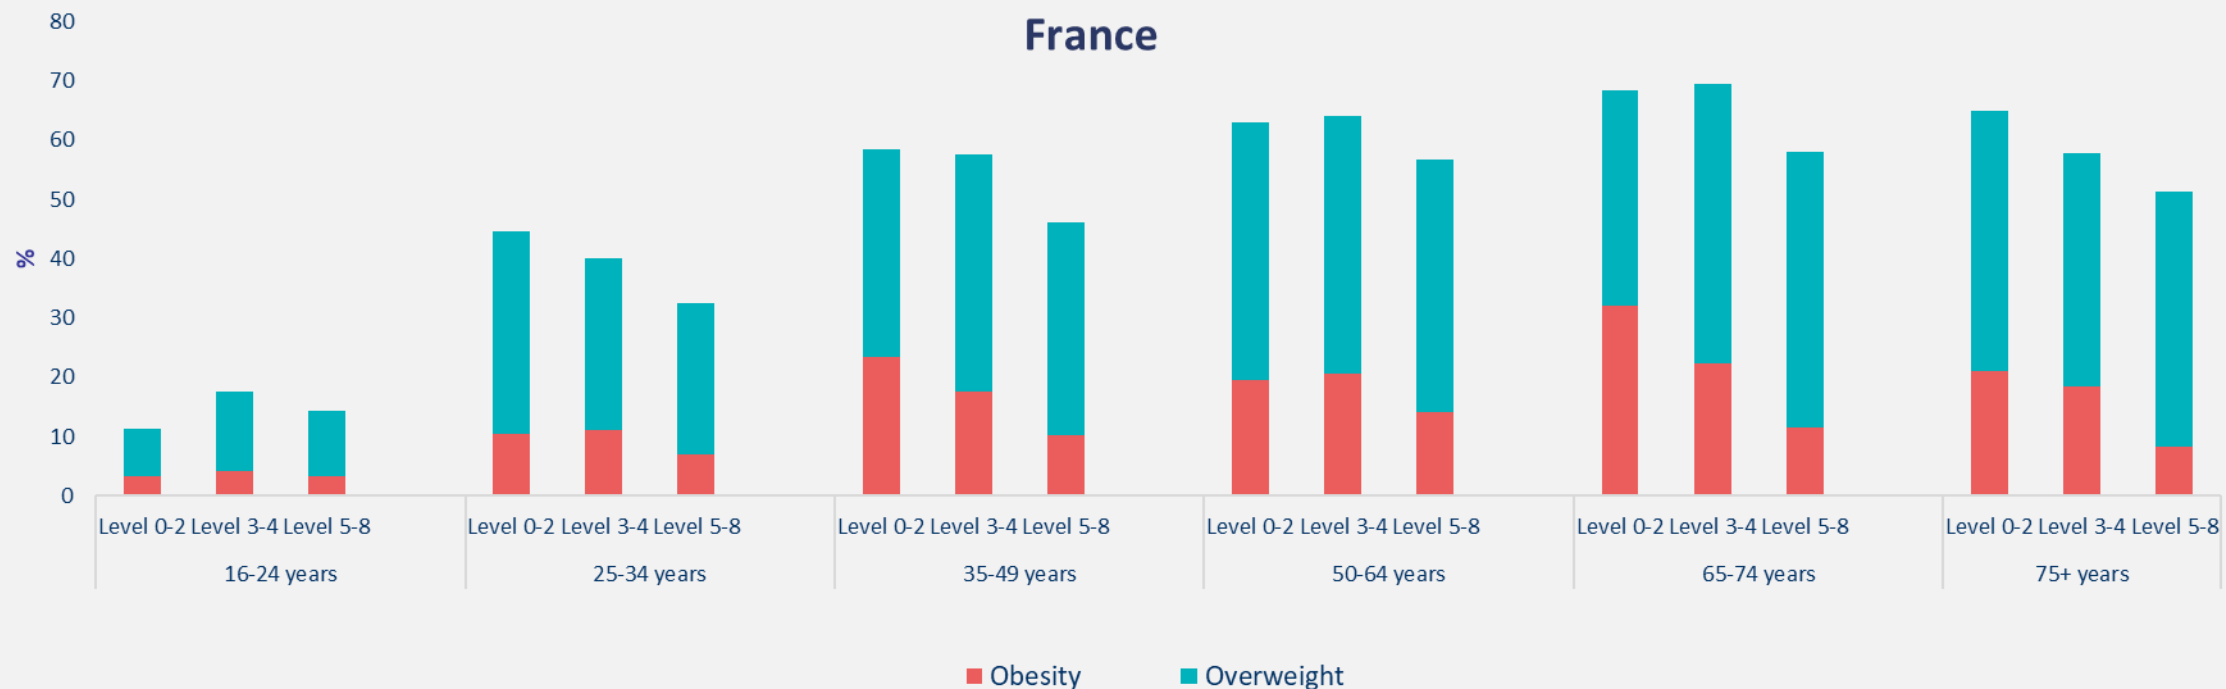

% de surpoids/d'obésité chez les enfants vivant en France (2016)

France

% Overweight/Obesity in males by age and education attainment 2017

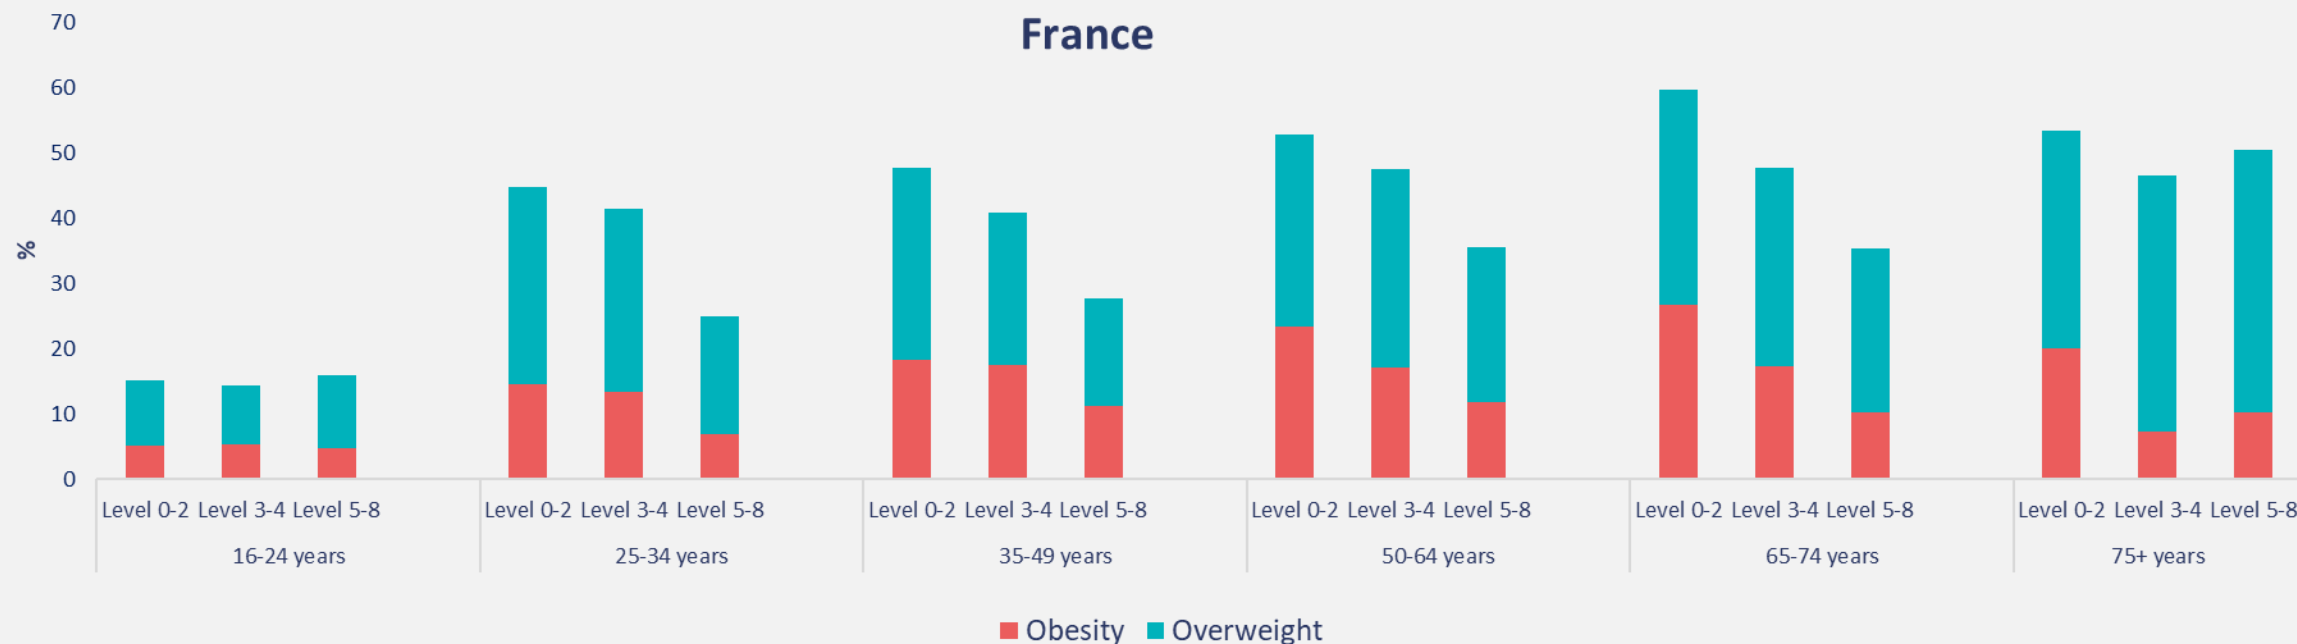

Less than primary, primary and lower secondary education (levels 0-2)
Upper secondary and post-secondary non-tertiary education (levels 3 and 4)
Tertiary education (levels 5-8)

France

% Overweight/Obesity in females by age and education attainment 2017

France

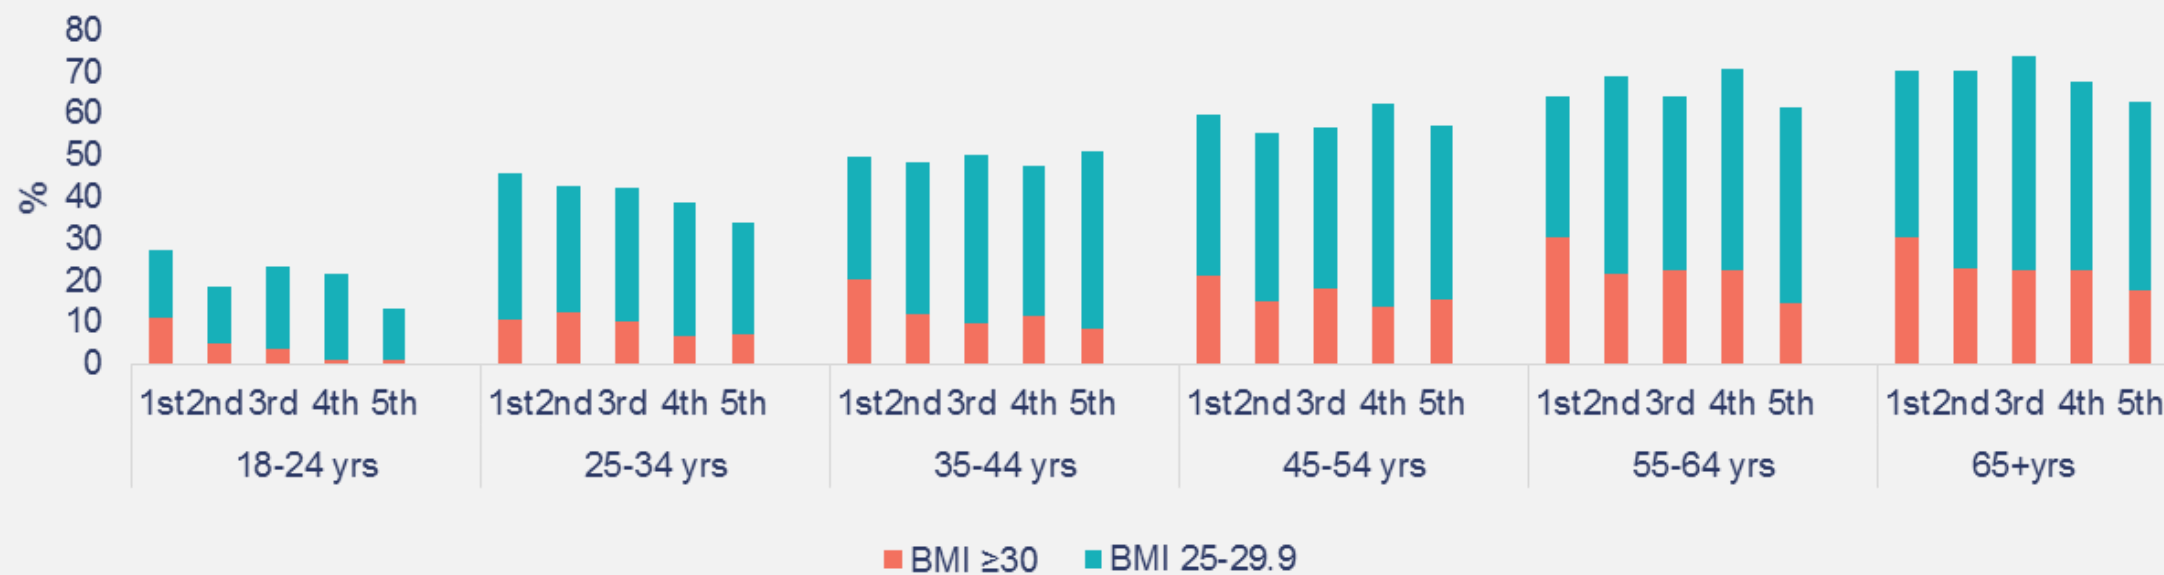

Less than primary, primary and lower secondary education (levels 0-2)
Upper secondary and post-secondary non-tertiary education (levels 3 and 4)
Tertiary education (levels 5-8)

France

% Overweight & Obesity by age & income quintile in males living in France 2014

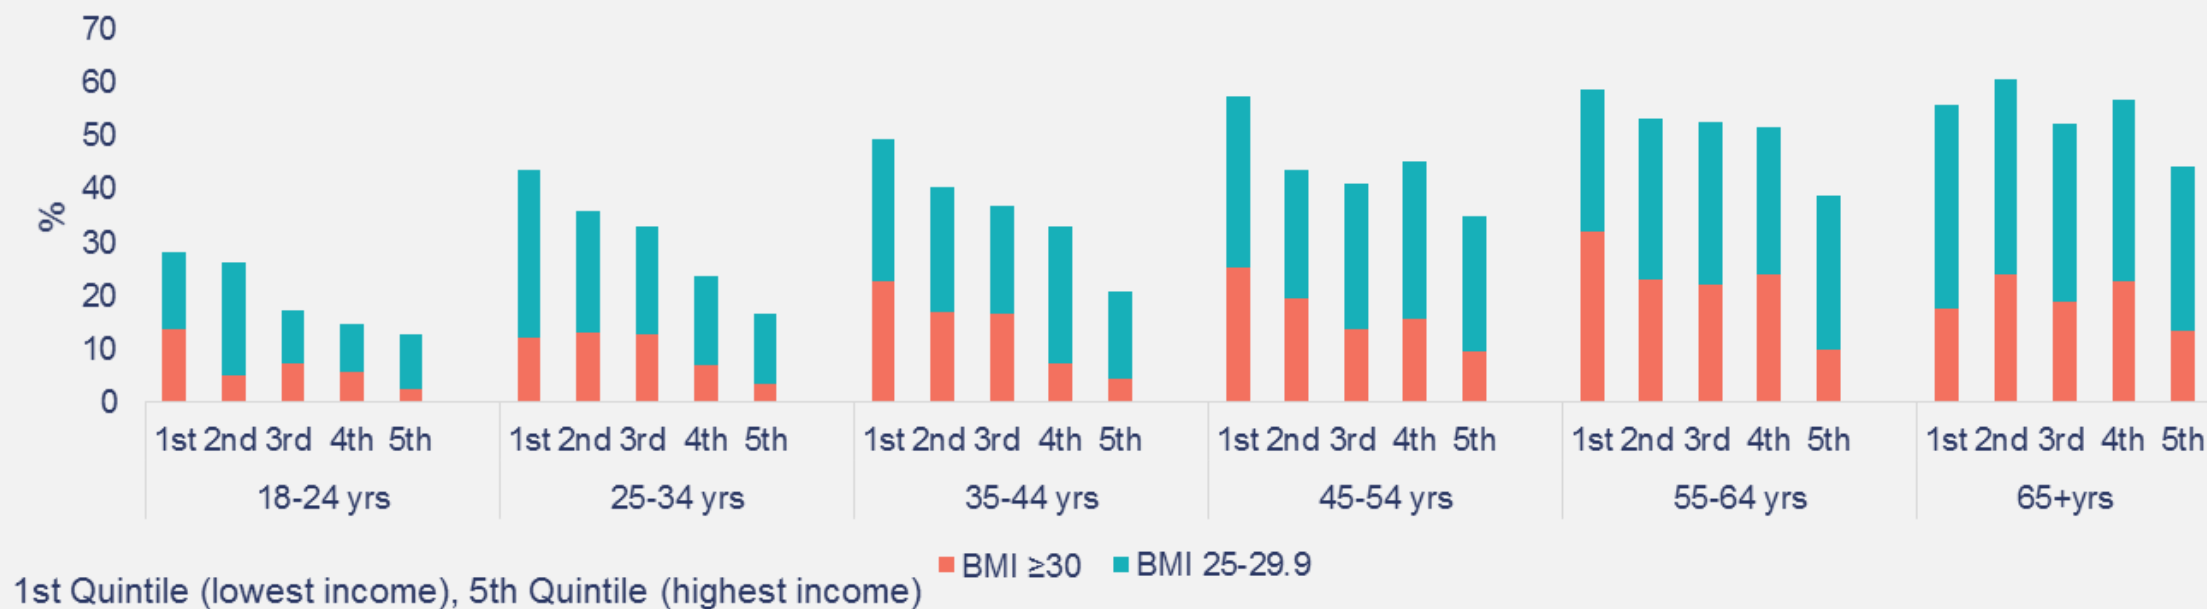

1st Quintile (lowest income), 5th Quintile (highest income)

France

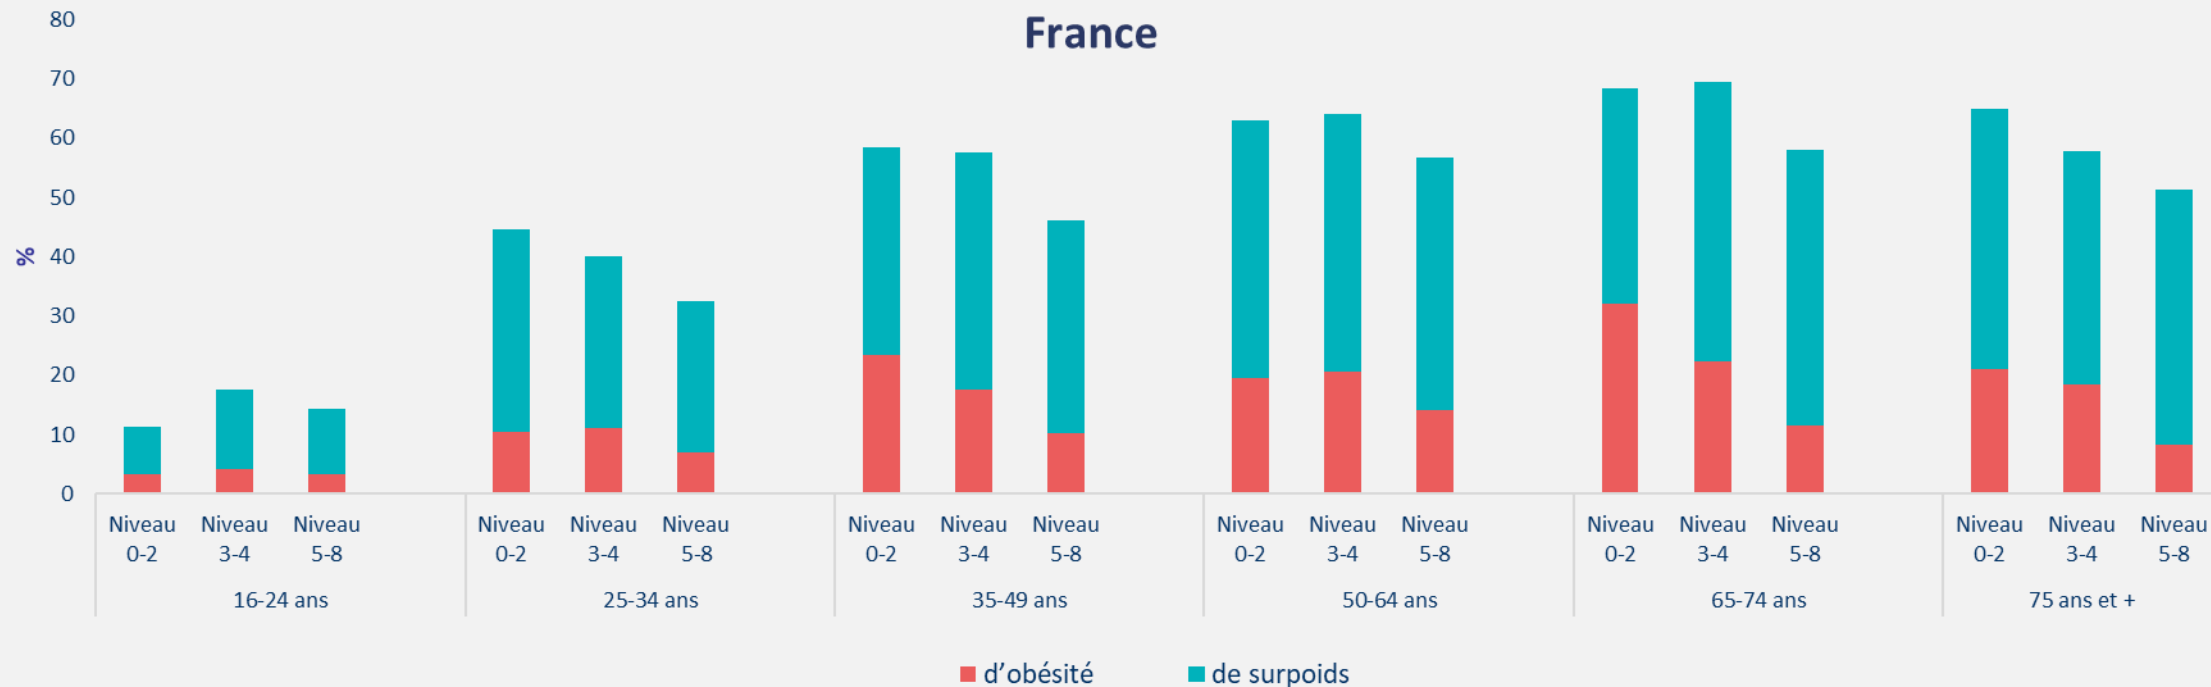

% Overweight & Obesity by age and income quintile in females living in France 2014

France

% en surpoids/obésité chez les hommes par âge et par niveau d'éducation 2017

Préprimaire, primaire et premier cycle du secondaire (niveaux 0-2)

Deuxième cycle du secondaire et post-secondaire non supérieur (niveaux 3 et 4)

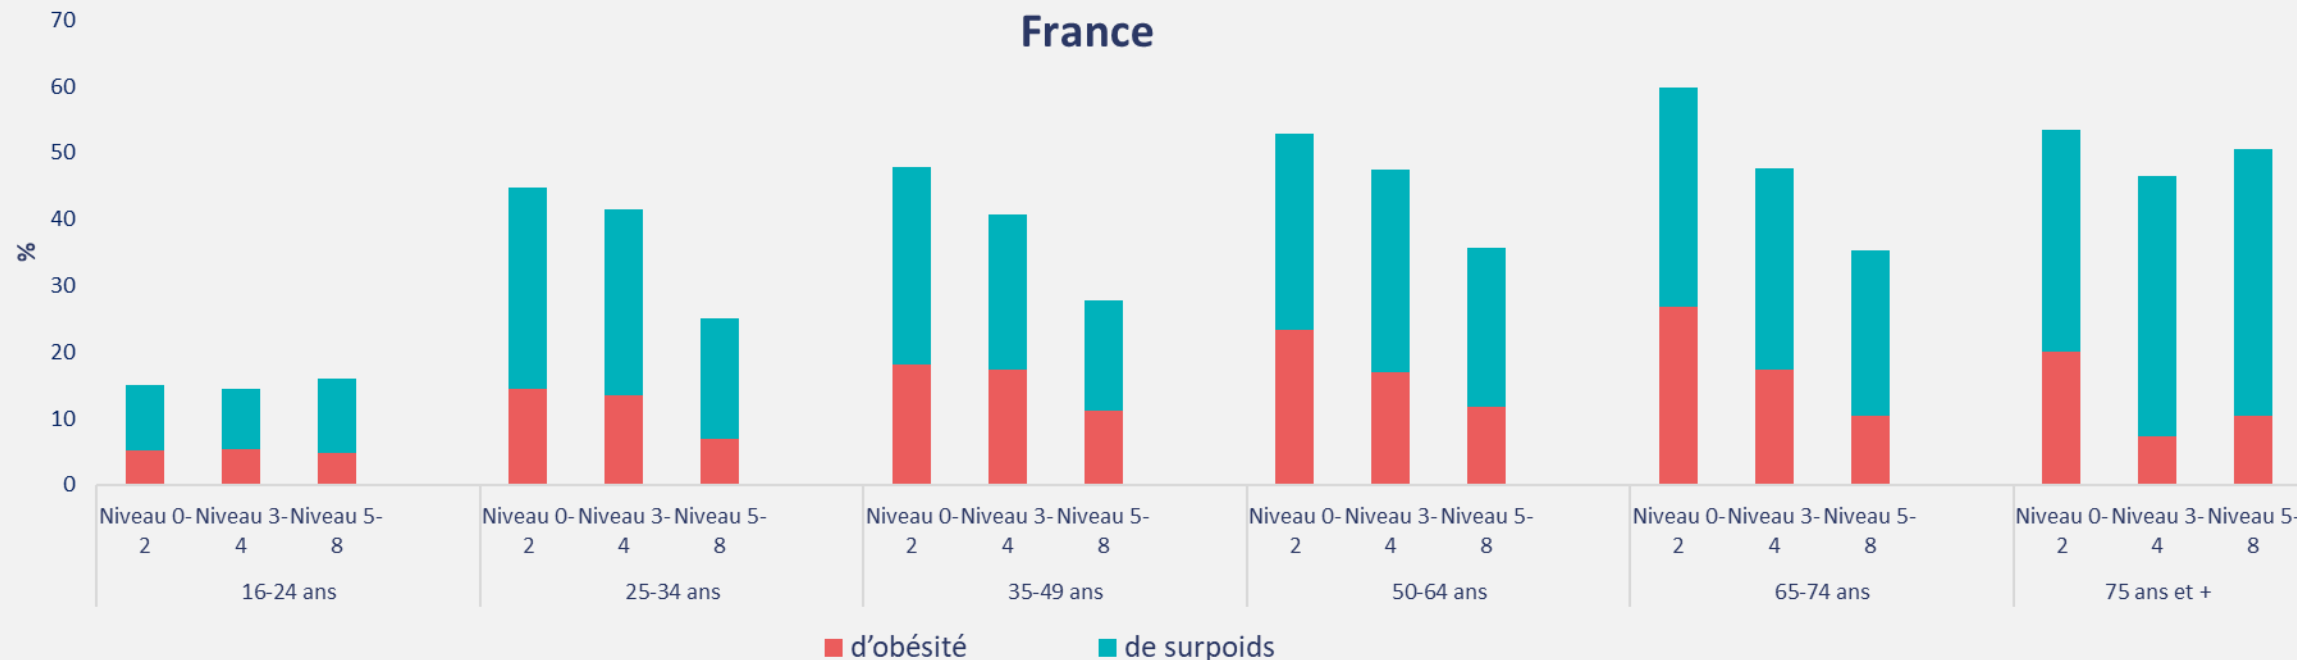

Enseignement supérieur (niveaux 5-8)

France

% en surpoids/obésité chez les femmes par âge et par niveau d'éducation 2017

France

Préprimaire, primaire et premier cycle du secondaire (niveaux 0-2)

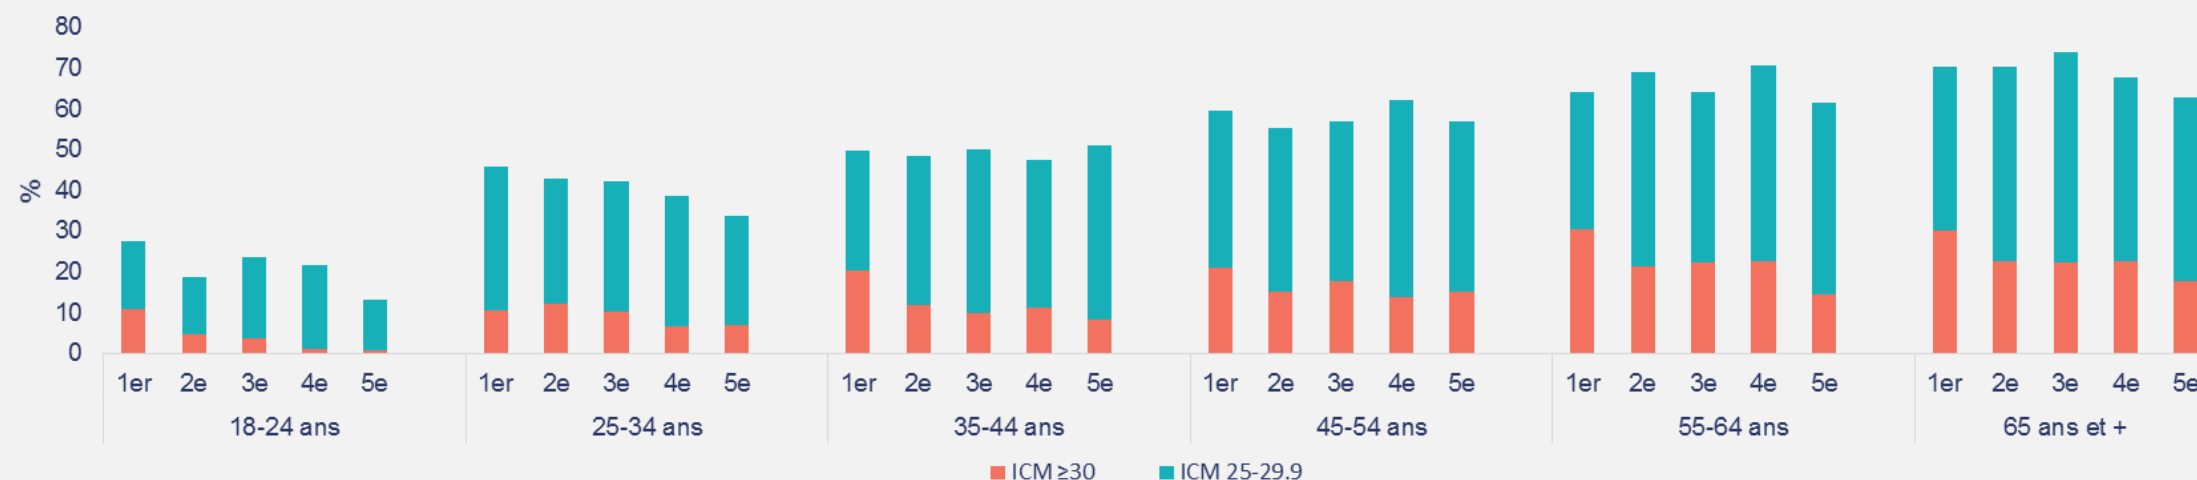

Deuxième cycle du secondaire et post-secondaire non supérieur (niveaux 3 et 4)

Enseignement supérieur (niveaux 5-8)

France

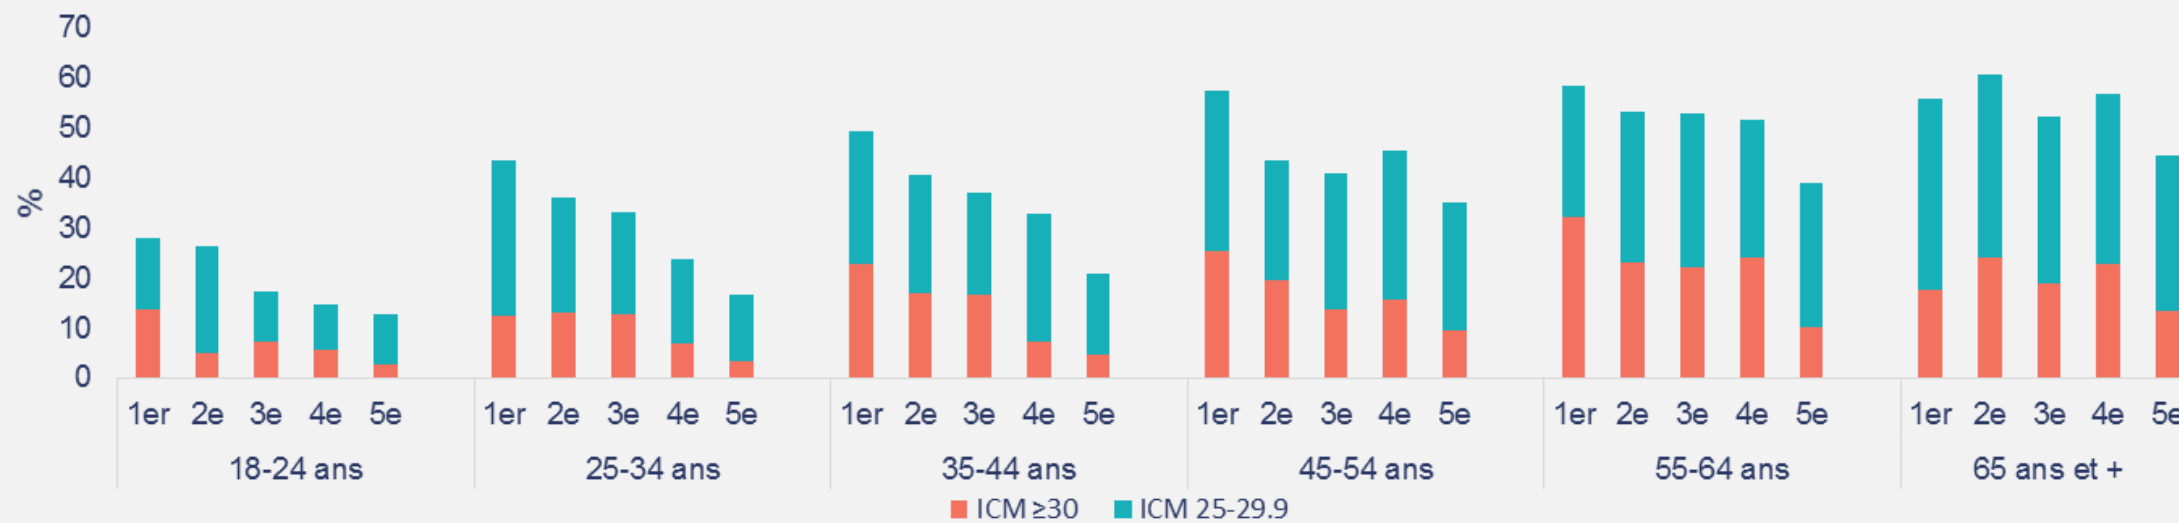

Surpoids et Obésité par âge et quintile de revenu chez les hommes résidant en France, en 2014 , en %

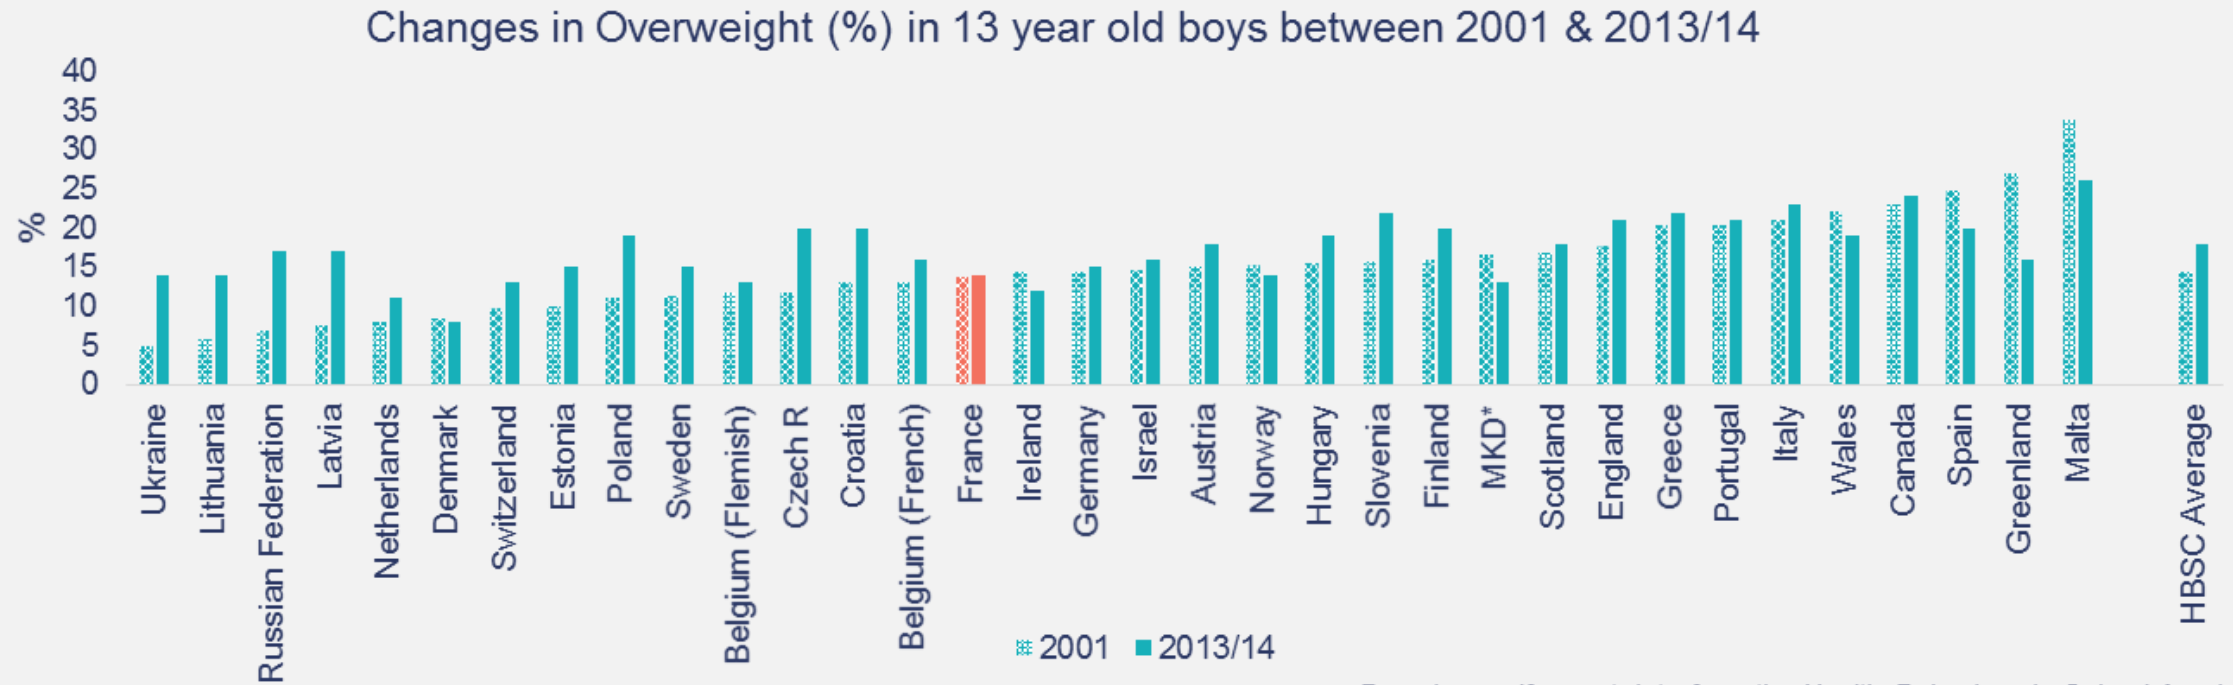

France

Surpoids et Obésité par âge et quintile de revenu chez les femmes résidant en France, en 2014 , en %

1er Quintile (revenu le plus faible), 5e Quintile (revenu le plus élevé)

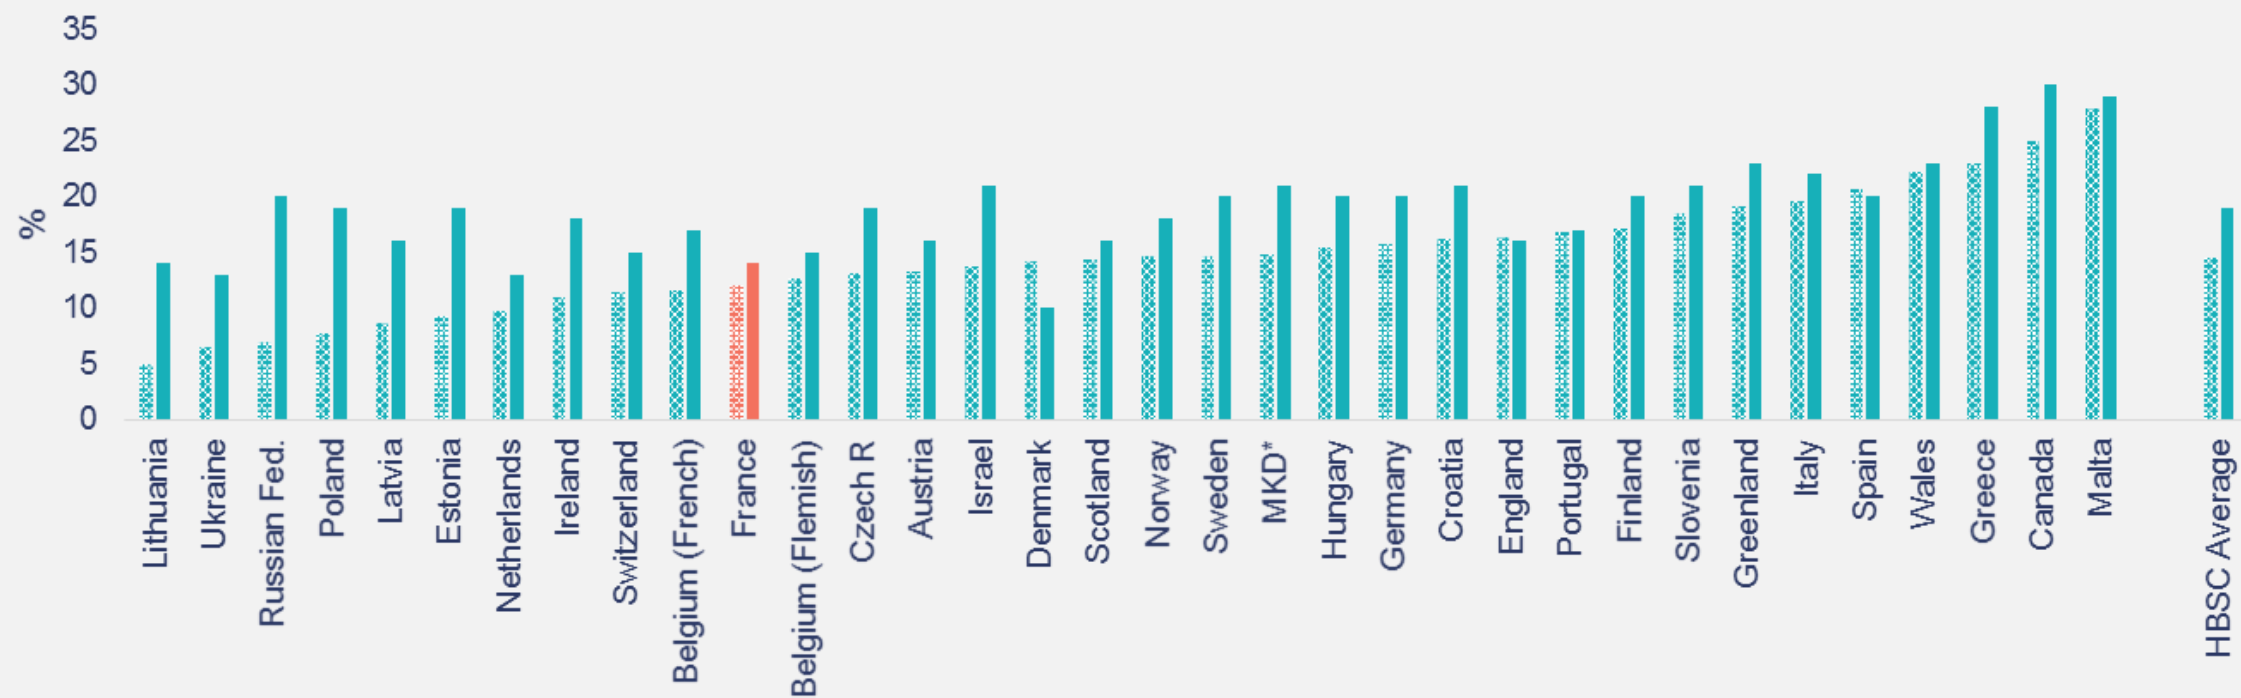

* The Former Yugoslav Republic Macedonia

Based on self report data from the Health Behaviour in School Aged Children (HBSC) Study using IOTF International Cut Off Points

France

Changes in prevalence of Overweight (%) in 15 year old boys between 2001 & 2013/14

* The Former Yugoslav Republic Macedonia

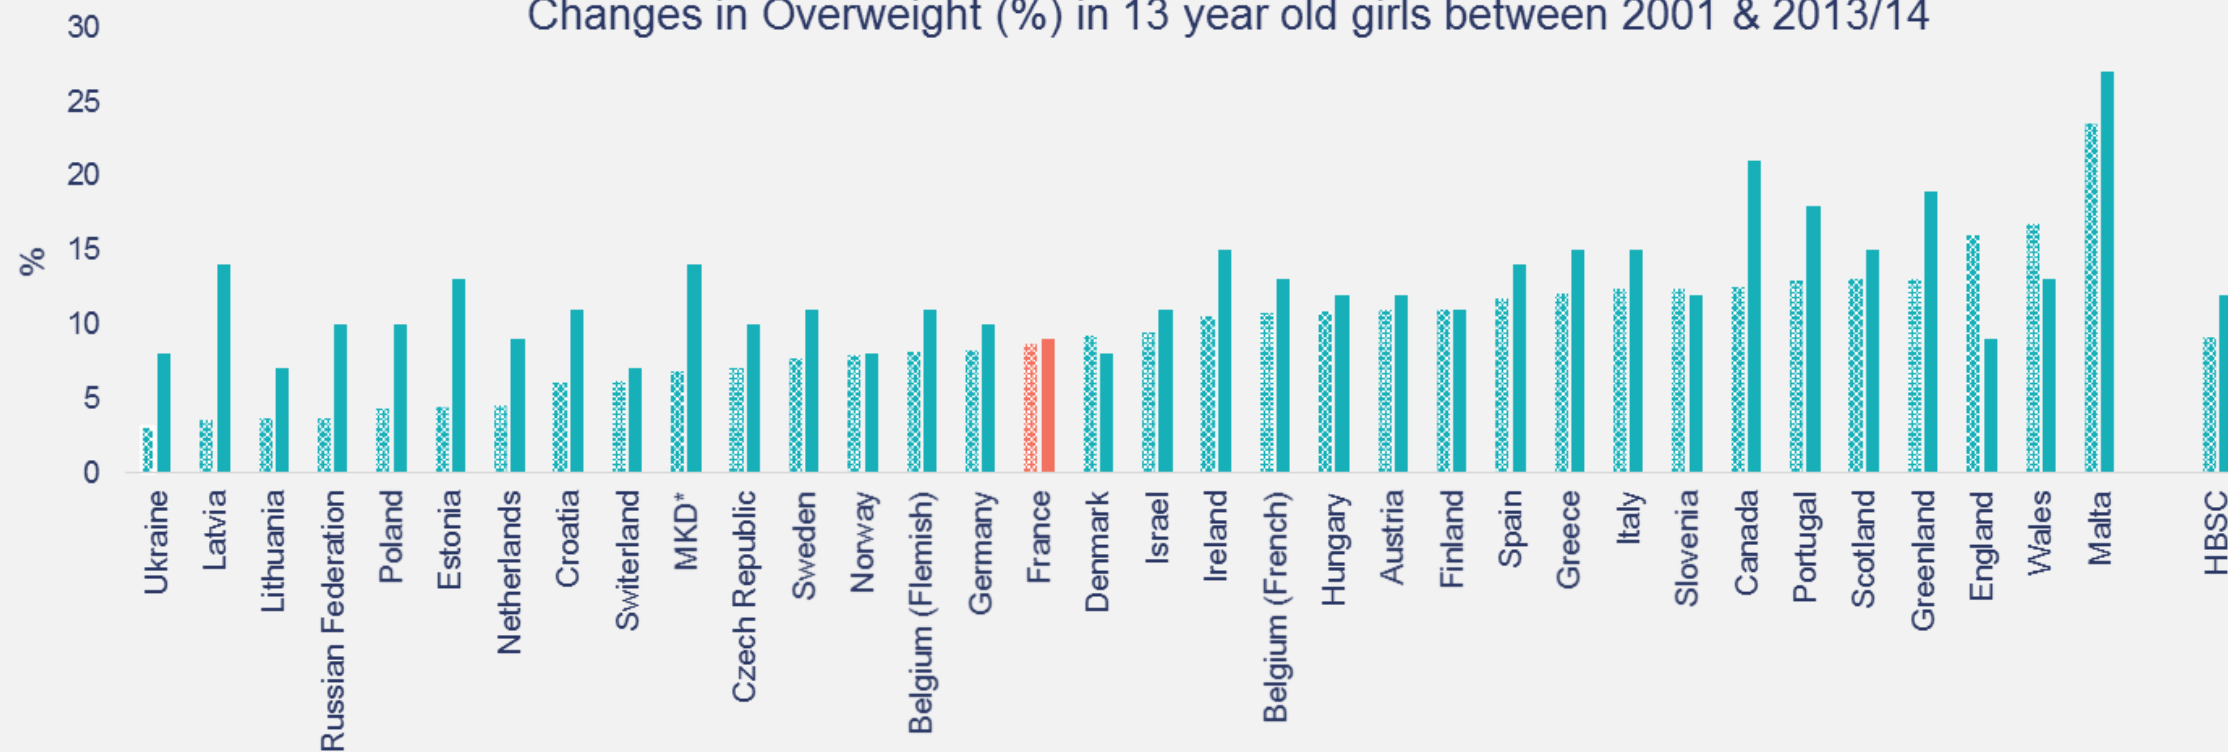

2001 2013/14

Based on self report data from the Health Behaviour in School Aged Children (HBSC) Study using IOTF International Cut Off Points

France

Changes in Overweight (%) in 13 year old girls between 2001 & 2013/14

* The Former Yugoslav Republic Macedonia

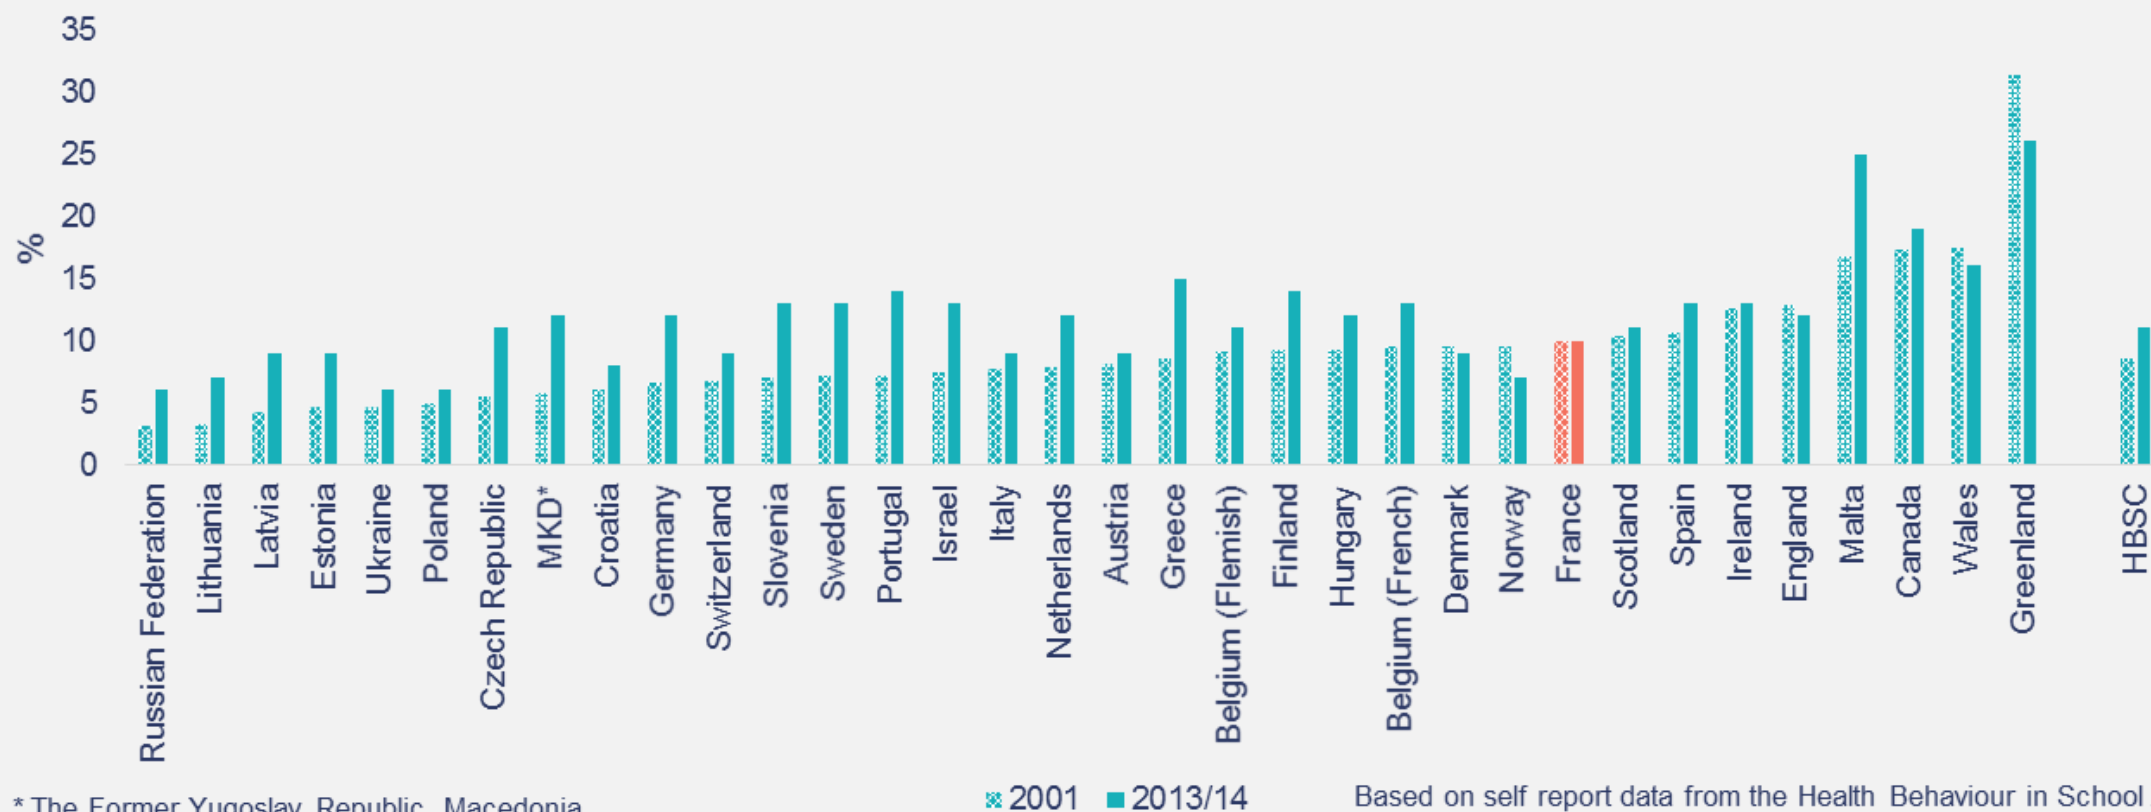

▨ 2001 ■ 2013/14

Based on self report data from the Health Behaviour in School Aged Children (HBSC) Study using IOTF International Cut Off Points

France

Changes in prevalence of Overweight (%) in 15 year old girls between 2001 & 2013/14
